Biography. Malik was born as the son of Anas ibn Malik (not the Sahabi with the same name) and Aaliyah bint Shurayk al-Azdiyya in Medina, circa 711. His family was originally from the al-Asbahi tribe of Yemen, but his great grandfather Abu Amir relocated the family to Medina after converting to Islam in the second year of the Hijri calendar, or 623 CE.. His grandfather Malik ibn Abi Amir was ...

Islamic Guide To Sexual Relations by Mufti Muhammad Ibn Adam al-Kawthari. 2010 edition.

Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shariah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night. I have found this work to be beneficial and highly informative, and strongly recommend the study of this book to all prospective couples, and indeed, to all couples. Mufti Zubair Bayat, Director: Darul Ihsan centre, Durban, South Africa I highly recommend this excellent, thorough book by Mufti Muhammad ibn Adam on an important and sensitive topic that many if not most Muslim couples are woefully unaware of. Shaykh Faraz Rabbani, Seekers Guidance. This guide essentially aimed at Muslims reveals a surprisingly liberal view on sexuality considering many of the rules and etiquettes for

matrimonial relationship were established 1400 years ago. Modern psychosexual medicine has been a relatively young member of the field of medicine and echoes much of the Islamic view contained in this book. Muslims will no doubt be surprised by some of the legal rulings regarding intimate relationships between the married couple which has in essence removed many cultural concretio

Religious community and nation have long been the chief poles of political and cultural identity for peoples of the modern Middle East. This work explores how men in turn-of-the-century Damascus dealt, in word and deed, with the dilemmas of identity that arose from the Ottoman Empire's 19th-century reforms. Muslim religious scholars (ulama) who advocated a return to scripture as the basis of social and political order were the pivotal group. The reformers clashed with their fellow ulama who defended the integrity of prevailing religious practices and beliefs. In addition to two conflicting interpretations of Islam, Arabism comprised a new strand of thought represented by young men with secular educations advancing Arab interests in the Ottoman Empire. Religious reformers and Arabists shared a political agenda that shifted focus from constitutionalism before 1908 to administrative decentralization shortly thereafter. Using unpublished manuscripts and correspondence, inheritance documents, and Ottoman-era periodicals, this work weaves together social, political, and intellectual aspects of a local history that represents an instance of a fundamental issue in modern history.

Transcription of the 22 lectures of the Hereafter Series of imam Anwar al Awlaqi. He vividly portrays the different phases the human soul passes through from the moment of death, the grave, the Day of Judgment and the resulting eternal life in Heaven or Hell in the Hereafter. The imam describes the Minor and Major Signs of the Day of Judgment, Signs that already passed and others yet to occur, based on Qur'an and Sunnah of Prophet Muhammad.

Originally published in 1983, this book deals with the precolonial history of the Islamic West African city of Timbuktu. The book traces the fortunes of this fabled city from its origins in the twelfth century, and more especially from around 1400 onwards, to the French conquest in the late nineteenth century. The study rests upon a comprehensive utilisation of the Timbuktu sources, including the well-known chronicles or tarikhs of Timbuktu. The author focuses on the role of scholars and, in so doing, he provides a fresh study of a learned community in sub-Saharan Africa. Additionally, the study shows that the scholars occupied a position of leadership and authority in the social structure of the city. Hence, in providing fuller understanding of the role of scholars and their status as 'notables', the work makes it possible to understand the enigma which has surrounded this extraordinary city throughout its history. It contributes an important perspective for historians of Africa, the Middle East and Islam.

This book presents the example of how one of the greatest hadith scholars of the past century, Shaikh al-Hadith Muhammad Zakariyya, and other notable scholars, left their religious duties of teaching Qur'an and hadith to devote their time in austere devotion and worship of Allah in the blessed month. Despite his busy schedule and scholarly work of hadith, Shaikh al-Hadith Muhammad Zakariyya devoted the whole month of Ramadan to connect those who came to sit in his pious company with Allah and to ignite the flame of love of Allah, love for the Blessed Prophet (peace be upon him), and perpetual remembrance of Allah in their lives. This book is an excellent firsthand account of how the great scholars of Islam utilized each moment of this blessed month. It is an inspirational and motivational book which will, inshallah, change the way we view and utilize the blessed month of Ramadan.
