For the first time in one volume, Phil Edmonston, Canada's automotive "Dr. Phil," covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.

While both BMW and Mercedes are known for their fast and beautiful cars, each company has its own style. Highlighting the similarities and subtle differences between the two companies and presenting the stats and data in handy charts, this book will entertain reluctant readers while encouraging critical thinking through comparison.

Introduce young readers to classic sports cars.

Revealing the definitive history of the entire Mercedes-Benz G-Wagen series. Including SWB and LWB cars, station wagons, vans and convertibles, and with an overview of all the models sold in each of the world's major markets, this book is packed full of information and contemporary illustrations sourced directly from the Stuttgart factory.

This book constitutes the refereed proceedings of the 11th International Conference on Software Engineering and Formal Methods, SEFM 2013, held in Madrid, Spain, in September 2013. The 21 full papers included in this volume were carefully reviewed and selected from 58 submissions. They are organized in topical sections on real-time systems, verification, types and inference, static analysis, testing and runtime verification, and synthesis and transformation.

This publication covers a wide array of co-products.

Consumer interaction and engagement are vital components to help marketers maintain a lasting relationship with their customers. To achieve this goal, companies must utilize current digital tools to create a strong online presence. Competitive Social Media Marketing Strategies presents a critical examination on the integration of social networking platforms into business tactics and the challenges presented by consumers' use of these online communities. Highlighting pivotal issues such as brand management, customer loyalty, and online services, this publication is a pivotal reference source for business managers, professionals, advanced-level students, and consultants interested in the latest research on the use of digital media tools for business opportunities.
