It was an easy case to close - until two detectives cracked it back open...'I pretty much read A False Report in one sitting. It is deeply disturbing but brilliant. I hope it helps with the seismic shift needed in attitudes to women who are brave enough to come forward when they have been assaulted.' Sandi Toksvig One of Stylist Magazine's 20 Must-Read Books of 2018 ***SHORTLISTED FOR THE GOLD DAGGER AWARD*** On 11 August 2008, eighteen-year-old Marie reported that a masked man had broken into her home and raped her. Within days, police – and even those closest to Marie – became suspicious of her story: details of the crime just didn ’ t seem plausible. Confronted with the seeming inconsistencies, Marie broke down and said her story was a fabrication – a bid for attention. The police convicted her of making a false report. She was vilified as a liar. More than two years later, some 1,600 kilometres away, detective Stacy Galbraith was assigned to a case of sexual assault. It bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. Galbraith contacted the detective on that case, Edna Hendershot, and they joined forces. Galbraith and Hendershot soon realised they were dealing with a serial rapist: a man who took calculated steps to erase all physical evidence, who photographed each of his victims, threatening to release the images online if the women went to the police. After weeks of meticulous investigation, they had a name. But they also had yet another victim – a young woman whose identity was a mystery, a possible missing link. It was imperative they find her. Based on investigative files and extensive interviews with those involved, A False Report is a serpentine tale of doubt, lies and a hunt for justice. It unveils the disturbing reality of how sexual assault is investigated and the long history of scepticism towards its victims. But it is also the story of two women whose determined resolve and detective brilliance finally brought the truth to light.

"Two Pulitzer Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having been rapedand the detectives who followed a winding path to arrive at the truth"--

Now the Netflix Limited Series Unbelievable, starring Toni Collette, Merritt Wever, and Kaitlyn Dever • Two Pulitzer Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having been raped—and the detectives who followed a winding path to arrive at the truth. " Gripping . . . [with a] John Grisham–worthy twist. " —Emily Bazelon, New York Times Book Review (Editors ’ Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a serial rapist: a man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with the principals, A False Report is a serpentine tale of doubt, lies, and a hunt for justice, unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims.
