Wigmore had psychoanalyzed the boom. It was a bull market in credit, & credit is the money of the mind. He had not delved into the real-estate lending, boat lending, art lending, or auto lending, but any investor could see a unifying pattern across the markets.

Philip L. Carret (1896-1998) was a famed investor and founder of The Pioneer Fund (Fidelity Mutual Trust), one of the first Mutual Funds in the United States. A former Barron ' s reporter and WWI aviator, Carret launched the Mutual Trust in 1928 after managing money for his friends and family. The initial effort evolved into Pioneer Investments. He ran the fund for 55 years, during which an investment of \$10,000 became \$8 million. Warren Buffett said of him that he had " the best long term investment record of anyone I know " He is most famous for the long successful track record he achieved investing in Common Stocks and for being one of Warren Buffett ' s role models. This book comprises a series of articles written for Barron ' s and published in book form in 1930.—Print Ed.

Invest Like a Dealmaker outlines an approach to investing that is far removed from what most investors have been conditioned to believe, but which has produced consistent profits for its practitioners decade after decade. While the concepts covered are not well known by the average investor, they are well appreciated by Wall Street insiders and dealmakers—particularly those who think about stocks as whole companies, as things with real assets, and cash flows that exist in the real world.

"This book is based upon the belief that the movements of prices on the exchanges are dependent to a very large degree on the mental attitude of the investing and trading public ... [and] is intended chiefly as a practical help to that considerable part of the community which is interested, directly or indirectly, in the markets.--p. [3]

Former Major League pitcher and mental skills coach for two of baseball's legendary franchises (the Boston Red Sox and San Francisco Giants) Bob Tewksbury takes fans inside the psychology of baseball. In Ninety Percent

Mental, Bob Tewksbury shows readers a side of the game only he can provide, given his singular background as both a longtime MLB pitcher and a mental skills coach for two of the sport's most fabled franchises, the Boston Red Sox and San Francisco Giants. Fans watching the game on television or even at the stadium don't have access to the mind games a pitcher must play in order to get through an at-bat, an inning, a game. Tewksbury explores the fascinating psychology behind baseball, such as how players use techniques of imagery, self-awareness, and strategic thinking to maximize performance, and how a pitcher's strategy changes throughout a game. He also offers an in-depth look into some of baseball's most monumental moments and intimate anecdotes from a "who's who" of the game, including legendary players who Tewksbury played with and against (such as Mark McGwire, Craig Biggio, and Greg Maddux), game-changing managers and executives (Joe Torre, Bruce Bochy, Brian Sabean), and current star players (Jon Lester, Anthony Rizzo, Andrew Miller, Rich Hill). With Tewksbury's esoteric knowledge as a thinking-fan's player and his expertise as a "baseball whisperer", this entertaining book is perfect for any fan who wants to see the game in a way he or she has never seen it before. Ninety Percent Mental will deliver an unprecedented look at the mound games and mind games of Major League Baseball.
