She was very blurry, not at all human-looking. There were huge dark eyes, and a kind of mane made of light, and when she spoke, I couldn't see a mouth moving, but I felt her words, like a breeze against my face, and I understood her completely. "We've come because of the baby," she said. "We've come to help." All Steve has to do is say, "Yes." But "yes" is a powerful word. It is also a dangerous one. And once it is uttered, can it be taken back?

Shortlisted for the Arthur C. Clarke Award and the James Tiptree Jr. Award, this literary science-fiction novel by award-winning author Lisa Tuttle is 'a brilliant exploration of the relationship between quantum mechanics, human choice and alternate worlds' *The Oxford Times* Sometimes, those roads not taken can come back and haunt you. Clare's unhappy life hasn't gone the way she expected. At the age of thirty-three she's still an accountant, still unmarried and ridden with guilt over the tragic death of her brother. Her obsession with roads not taken drives her into a nervous breakdown, until she comes to realise that she can leave her unsatisfactory "real life" behind and enter alternate realities where things worked out better. But when she explores these other existences, she discovers they are far from the perfect lives she was imagining, and wherever she turns, another Clare usurps her own existence, until she is forced into the ultimate confrontation with madness - and truth . . .

In a career spanning almost 50 years, Lisa Tuttle has proven herself a master of the weird tale, and now this new collection of twelve unsettling stories - some never previously collected - offers readers a chance to discover some of her finest work. In 'Replacements', a woman adopts a monstrous pet, with unforeseen consequences. In 'Born Dead', a stillborn child mysteriously continues to grow just like a living one. 'My Pathology' (whose ending Thomas Tessier has cited as one of the best in the history of horror) explores the sinister results of a couple's alchemical experiments. And a book lover in 'The Book That Finds You' has her life changed in strange ways by the discovery of a rare horror book at a second-hand bookshop. In these weird and chilling tales, Tuttle

is at her diabolical best. This edition features an introduction by Lisa Kröger, and each story is specially introduced by the author.
