As the death toll from the coronavirus outbreak approaches 200,000 in the United States, Americans give their country comparatively low marks for its handling of the pandemic – and people in other nations tend to agree with that negative assessment. Below is a closer look at how people in the U.S. and around the world view America's response to COVID-19, based on recent Pew Research Center surveys in the U.S. and other countries.

Americans are nationals and citizens of the United States of America. Although nationals and citizens make up the majority of Americans, many dual citizens, expatriates, and permanent residents may also claim American nationality. The United States is home to people of many ethnic origins.As a result, American culture and law does not equate nationality with race or ethnicity, but with ...

17 Things Black People in America Are Feeling, According ...

By 10,000 BCE, humans were relatively well-established throughout North America. Originally, Paleo-Indian hunted Ice Age megafauna like mammoths, but as they began to go extinct, people turned instead to bison as a food source. As time went on, foraging for berries and seeds became an important alternative to hunting.

America has failed to protect its people, leaving them with illness and financial ruin. It has lost its status as a global leader. It has careened between inaction and ineptitude. The breadth and...

Why the Pandemic Is So Bad in America - The Atlantic

By 11,000 bce, hunting-and-gathering peoples occupied most of the New World south of the glacial ice cap covering northern North America. The cooler climate of this period as compared with that of the present day supported a grassland vegetation, especially in the highland valleys, that was ideal for large herds of grazing animals.
