Just as computer software changed the face of performing and recording over the past decades, Apple's iPad® tablet has the power to change how you produce music today. Author Mark Jenkins summarizes the iPad tablet's massive potential for music creation, explaining in detail how all iPad models can connect to musically oriented accessories and reviewing the vast range of audio inputs, microphones, MIDI interfaces, music keyboards, drum controllers, and even DJ and karaoke equipment now available. Keyboard players, guitarists, drummers, vocalists, DJs, karaoke singers, and experimental musicians, whether experienced or just starting out, can all benefit from expanding the amazing built-in abilities of the iPad using carefully chosen musical add-ons and accessories. Mark Jenkins explains and reviews the musical potential of iPad-oriented music equipment from dozens of manufacturers, including Akai, Alesis, IK Multimedia, Korg, Line 6, M-Audio, Novation, Roland, TASCAM, and many others. The potential of Android tablets for music creation is also examined. Appendices list in detail the specifications for the iPad interface sockets and include links to Apple's schemes for software and hardware developers.

This book is part of Alfred's Harry Potter Instrumental Solos series arranged for Flute, Clarinet, Alto Sax, Tenor Sax, Trumpet, Horn in F, Trombone, and optional Piano Accompaniment. All wind instrument arrangements are fully compatible and can be successfully performed as ensembles or solos by students who have completed the first book of any standard band method. A fully orchestrated accompaniment MP3 CD is provided, featuring each song as a live performance demo track followed by a play-along track. Titles: Double Trouble * Family Portrait * Farewell to Dobby * Fawkes the Phoenix * Fireworks * Harry in Winter * Harry's Wondrous World * Hedwig's Theme * Hogwarts Hymn * Hogwarts March * Leaving Hogwarts * Lily's Theme * Obliviate * Statues * A Window to the Past * Wizard Wheezes. Due to level considerations regarding keys and instrument ranges, the wind instrument arrangements are not compatible with the string instrument arrangements in this series. This title is available in SmartMusic.

Do What You Love- Songwriting This book explores the process of writing songs through the unique lens of 8 life principles. More than just a textbook for songwriters, it is a soulful roadmap for people who want to design better lives. Larry Dvoskin is a Grammy-nominated songwriter, author, and New York University songwriting professor. Readers of "Do What You Love- Songwriting" will learn about how to write better lyrics, popular chord structures, musical arranging, melody development, recording production and how it can make or break the success of a song. Readers will even learn the secret tips of how the author got his songs out there, heard by the right people, signed management, publishing, and record deals and made it into a successful career. These topics are presented in a unique format that is different than any other book about songwriting. It's presented as a set of life principles so readers will discover the creative process to songwriting as it blends into the art of living. This journey is told through the deconstruction of each song on Mr. Dvoskin's solo album "Life Is Strange." Do What You Love is the first in a series of "Do What You Love" books on different subjects to help people design a better lives and live their dreams.
