Nikola Tesla is a synonymous with the "Man who invented the 21st century." The two are the same person. Nevertheless, about himself he wrote only a short 60-page autobiography, written in his early sixties, which he named "My Inventions." Although he lived another 25 years he never added to his early writings, believing that everything important in his life was over. All his major inventions had been completed by then. What else was there to write about, thought this great man, in his infinite humility? Fortunately, such grand yet humble men leave many disciples behind them to write about them even after they have gone too far away to be seen but still close enough to inspire. "Tesla's Peace Frequency" is a portrait of one of them, a virtuous man named Nikola Tesla. Allegorically, it portrays the very last days of his life in the form of a prayer. In The Name of the Father he encounters his father for the last time. In the Holy Ghost he joins his soror mystica. In Amen he finishes his controversial opus magnum. This short but extremely intense novel consists of deep reflections over humanity and carries with it a great message. Its main aim is increasing human consciousness about distinguishing good from evil as was the main aim of Nikola Tesla's lifelong struggle. One's salvation could only be brought about thru one's own efforts, pointed out Tesla quite rightly, but on the other hand, he was very eager to push humanity towards this simple truth. His disciples follow his path.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

immersed in the world of yoga, energy healing, and Kabbalah but her journey of inner transformation has only just begun. A healing crisis, misplaced trust and a failed marriage, intensify her desire for a teacher who can lead her to self-realization. Her prayers are answered in the form of a realized adept, a Swami from the faraway shores of Rishikesh, India, who initiates her in his lineage of Kundalini Science, the study of the Divine force within every human being that is the initiator of spiritual growth. And so begins an incredible inner journey as Dani dedicates herself to a spiritual practice aimed at the redirection and completion of a challenging Kundalini process related to her Jewish past. Paradoxically, with the completion of her process she experiences a triumphant return to the religion of her birth. *Wired for God* is the candid and compelling memoir of Dani Antman ' s spiritual journey from mystical Judaism through Kundalini Science and back again, told in a conversational and informal style. Her story gives inspiration and hope to all sincere seekers looking to make real spiritual progress and find their own unique spiritual path.

Included in this book are conversations with:Renowned author and environmentalist John Perkins, who brings corporate executives to the Amazon to teach them the value of merging business and eco-philosophy.Rabbi Gershon Winkler, who uses the beliefs and techniques of the Jewish shamanic tradition to bring Israelis and Palestinians together on common, and more peaceful, ground--their indigenous roots. " Renegade " shaman Ken Eagle Feather of the Toltec tradition, who explains how modern technology can help us evolve into the next level of perception.Peruvian shaman Oscar Miro-Quesada, whose ideas on life and death may alter your view of reality itself. And that is just the beginning.

It all starts in the Garden of Eden, where Adam and Eve move from spiritual oneness with God to separation and individuation. After eating from the Tree of Knowledge, both Adam and Eve leave Eden to create their own Family Tree of Knowledge. Our spiritual journey and blessings come from embracing our family heritage, healing our ancestral and cultural wounds while uncovering the divine within us. If we learn how to recognize and embrace both Positive Love Bond and Negative Love Bond experiences with insight, love and acceptance, forgiveness and compassion, we can find the path that will lead us toward true peace and oneness with God. The God-Realization Process offers you the opportunity unravel the mystery of the divine light within and receive the blessings from a thousand generations. The Ten Spiritual Keys (Commandments) were a gift from God to secure our relationships with him, to awaken the light within us, and to manifest and transform anything in our lives and most of all to heal our families and bless them and generations to come.
