Becker auto radios were usually fitted in the most exclusive automobiles of the period. We distinguish the top-end Mexico 1950s / early 1960s valve radio, the top-end 1960s / 1970s Grand Prix, the high-end Europa radio's and the standard / sports class Monza and Avus models. The latter models and especially the light and compact Monza were found in many sports cars of the late 1960s and 1970s.
