However, in most cases, the actual Baron B58 procedures could be followed when operating the X-Plane version. Checklists are presented later in this document (with modifications to suit a simulation platform). It is recommended that X-Plane pilots follow those procedures to extract the maximum capability and enjoyment from this aircraft.

Beech Baron B58 Pilots Operating Manual - FC2

The Beechcraft G58 Baron is powered by two IO-550-C Continental Motors with 300 HP apiece, and it comes stock with 3 blade constant speed propellers, and can reach a 202-knot cruise speed at 75% power. According to Bill Cox at Plane & Pilot Magazine, the range is around 1,000 nm but can be stretched to 1,300 nm by adjusting the power settings. 3

Beech Baron B58 Pilots Operating Manual
My operating company leases and operates a 1985 58 Baron with about 1800 hours TT. The plane is flown by our local FBO at Mt. Pocono most of the time and I fly it also on a private basis. The aircraft had new engines installed at about 1500 hours: One engine had developed cracked cylinders, so we decided to replace engines rather than replace cylinders with only a few hundred hours to go.

Beech 58 Baron - Aviation Consumer

I am having a little trouble learning how to fly the Beechcraft 580 Baron. Anyone know where I can find a good, POH (Pilot's Operating Handbook) for this great plane? I have already tried the FS2002 Library. Forget it. All they have in there is a couple of pages of highly generalized information. What I need is the kind of stuff they used to put into the WRITTEN manuals that would come along ...
