and accepted as "history," as opposed to being carried over in their original mythological form. Kuhn states, "The gospels are not and never were histories. They are now proven to have been cryptic dramas of the spiritual evolution of humanity and of the history of the human soul in its earthly tabernacle of flesh." For

demonstrated that the cosmological structure described in the myths and drawings of the Dogon runs parallel to modern science--atomic theory, quantum theory, and string theory--their drawings often taking the same form as accurate scientific diagrams that relate to the formation of matter. Scranton also pointed

to the close resemblance between the keywords and component elements of Dogon cosmology and those of ancient Egypt, and the implication that ancient cosmology may also be about actual science. Sacred Symbols of the Dogon uses these parallels as the starting point for a new interpretation of the Egyptian
