Franz Kafka meets Lewis Carroll in this hilarious and exciting new adventure about a pre-post-modernist professor on trial for Sexual Misconduct with the wrong student. But not to worry. Here comes LeRoux, the best cowboy on the Grid in a sleek netcraft (The "Exorcizer") with a rescue plan (B) that just might work. Problem is, LeRoux is not really all that real either. Or is he?

DON'T READ THIS BOOK AFTER SUNDOWN! In any storytelling, but especially in fantasy/horror, there is one thing that is critically important if you want to have your toenails curl and leave holes in your bedspread from gripping it convulsively when reading before sleep. It is that you have to care about the characters or else who cares what happens to them. STEVE BURT IS A MASTER AT CREATING REAL FOLKS, FOLKS YOU LIKE, FOLKS YOU WANT TO SCREAM AT SO THEY DON'T GO INTO THAT DARK ROOM ALONE. Couple that with an imagination that won't quit and a storytelling style that grabs you by the shirt front and pulls you in, and you'd better fasten your seat belt before reading Odd Lot. Because you're in for a heck of a ride!

Modern man Mike de Wolf gets stranded in a pirate adventure being written by his friend Horace Hackett and finds himself fighting for his life as the villainous Miguel de Lobo, while trying to figure out how to extricate himself from Horace's fatal plot.

Celebrated storyteller, cultural commentator, friend of astronauts, prophet of the Space Age—by the end of the 1960s, Ray Bradbury had attained a level of fame and success rarely achieved by authors, let alone authors of science fiction and fantasy. He had also embarked on a phase of his career that found him exploring new creative outlets while reinterpreting his classic tales for generations of new fans. Drawing on numerous interviews with Bradbury and privileged access to personal papers and private collections, Jonathan R. Eller examines the often-overlooked second half of Bradbury's working life. As Bradbury's dreams took him into a wider range of nonfiction writing and public lectures, the diminishing time that remained for creative pursuits went toward Hollywood productions like the award-winning series Ray Bradbury Theater. Bradbury developed the Spaceship Earth narration at Disney's EPCOT Center; appeared everywhere from public television to NASA events to comic conventions; published poetry; and mined past triumphs for stage productions that enjoyed mixed success. Distracted from storytelling as he became more famous, Bradbury nonetheless published innovative experiments in autobiography masked as detective novels, the well-received fantasy *The Halloween Tree* and the masterful time travel story "The Toynbee Convector." Yet his embrace of celebrity was often at odds with his passion for writing, and the resulting tension continuously pulled at his sense of self. The revelatory conclusion to the acclaimed three-part biography, *Bradbury Beyond Apollo* tells the story of an inexhaustible creative force seeking new frontiers.

Solar Winds 2. Professor A.I. 3. The Helix Foundation 4. Antarctic Chill 5. Space Dragons 6. Martian Flu 7. Ark to Alpha Centauri 8. Biohackers 9. Europa Outpost 6 10. Gladiatrix

THE #1 AMAZON HORROR BESTSELLER! "THE STONE MAN is a novel that intrigues, enralls, horrifies, thrills, and hits the reader with an emotional resonance as only the best stories can."-Ain't It Cool News Nobody knew where it came from. Nobody knew why it came. Even so, for two-bit (and antisocial) reporter Andy Pointer, the appearance in his city of a man made of moving stone meant the scoop of a lifetime. He would soon learn that *The Stone Man* was much more - and much worse - than that. This is Andy's account of everything that came afterwards, and the people that were lost along the way; of the terrible price that he, and the rest of his country, had to pay. The destruction. The visions. The dying. PRAISE FOR 'THE STONE MAN': "Once again believable characters and a mind blowing story, and when Luke Smitherd is recognised as the great writer he is he is bound to be compared to the likes of James Herbert and Stephen King."-Scrooby1, Amazon UK Review "Tremendous. I was looking for something completely original and different, this nailed it spot on. Highly recommended."-Neil Novita, Amazon USA Review "I have owned a Kindle for about 2 years and downloaded some excellent books for very little cost but Luke Smitherd's works beat the lot"-Silversmith, Amazon UK Review "This ebook was fantastic and totally different from any

other sci-fi thriller I've ever read...I kept thinking 'What if...what if...'-Carl Law, Amazon US Review "It was one of those books where you tell yourself you will read just one more page, then look at the clock and realise that it's 2 hours later , I would thoroughly recommend it"-Elaine Hosegood, Amazon UK Review "As soon as I started reading I was completely sucked in, which very rarely happens for me. I couldn't wait to get home and read it each night. I laughed. I cried. I did actual real life gasps of horror."-Katie, Amazon UK Review "Fantastically written characters who make you care about them right from the off, an unfathomable villain who defies all understanding and a supporting cast that flesh out the story beautifully."-Andy Pettifer, Goodreads Review "I spend a lot of time trawling through the kindle book store looking for cheap books, relying on reviews to make my purchases. I have come across some less than average books using this method, but also some real gems. This book definitely falls into the latter category. It had me gripped from page one right through to the Alternative Ending Synopsis at the end. The other reviews leave me little to say other than thanks Luke."-Steve Sut, Amazon UK Review "So good the first thing I did after I put it down was to download his other two books."-Miss H. L. Smith, Amazon UK Review "This book starts with a bang and doesn't let up. I read this in two sittings. Recommended."-Dickydavis, Goodreads review "A very enjoyable read and cracking value at the price.Do not be put off by Science Fiction or Horror in the title if they are not your bag, this is an inteligent and thought provoking read. Highly recommended."-Dave Osborn, Amazon UK Review "I literally found this hard to stop reading,I wanted to know the answers.I have been around a good while so have read all of Asimov, Heinlein, Bradbury etc. and I would genuinely put this author in the same class as these class acts."-K Murphy, Amazon UK Review "...so my 5-star review? That's five stars in comparison to REAL books; not just the stuff you'll find self-published on Kindle. The Stone Man is the sort of book that, if I'd splashed ten quid on in an airport or train station, bookstore, I'd have considered it money well-spent." Militant Ginger, Amazon USA Review A full-length novel. 140,000 words. FROM THE AUTHOR OF 'THE PHYSICS OF THE DEAD' AND 'THE BLACK ROOM' SERIES, ALSO AVAILABLE ON THE KINDLE STORE.
