It is ground-breaking in the sense that it invites a distinctively critical approach to business ethics, an approach that the authors argue is part and parcel of ethics. With a thought-provoking glossary and recommendations for further readings, For Business Ethics is an essential purchase for students and practitioners alike. It is at once an introduction to business ethics and a challenge to anyone who wishes to take part in or change contemporary organized society.

~~Patrick Osullivan - Business Ethics: A Critical Approach ...~~

Business ethics is the attitude and ways in which a business is formed and the way in which a business deal with the world. Many businesses behave in divert or different ways depend on the way it is formed by the owners of the business. Business ethics can be described as principle and standard that is guiding behavior of people in the business. Many business have different reputation depends on the ways in which they are formed some business have bad reputation while some have bad reputation.
