research process in business and management, guiding students step-by-step through their research project, from exploring questions and problems, to designing the research, and lastly, writing the results. Chapters include a design matrix and three sets of questions by research objective to help identify the designs that are appropriate for a project and why. There are also seven road marker activities –exploring, planning, creating, conducting, collecting, analyzing, and writing – directing students from one milestone to the next. Key features include: Statistical Decision Trees enabling students to bypass the typical statistics chapters and select the appropriate analysis based on prior learning Global narrative highlighting a wide spectrum of business research challenges. An APA style how-to guide with over 26 exhibits that includes writing
