Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

How neoliberalism and the politics of respectability are transforming African American manhood While single-sex public schools face much criticism, many Black communities see in them a great promise: that they can remedy a crisis for their young men. *Black Boys Apart* reveals triumphs, hope, and heartbreak at two all-male schools, a public high school and a charter high school, drawing on Freeden Blume Oeur's ethnographic work. We meet young men who felt their schools empowered and emasculated them, parents who were frustrated with co-ed schools, teachers who helped pave the road to college, and administrators who saw in Black male academies the advantages of privatizing education. While the two schools have distinctive histories and ultimately charted different paths, they were both shaped by the convergence of neoliberal ideologies and a politics of Black respectability. As Blume Oeur reveals, all-boys education is less a school reform initiative and instead joins a legacy of efforts to reform Black manhood during periods of stark racial inequality. Black male academies join long-standing attempts to achieve racial uplift in Black communities, but in ways that elevate exceptional young men and aggravate divisions within those communities. *Black Boys Apart* shows all-boys schools to be an odd mix of democratic empowerment and market imperatives, racial segregation and intentional sex separation, strict discipline and loving care. Challenging

narratives that endorse these schools for nurturing individual resilience in young Black men, this perceptive and penetrating ethnography argues for a holistic approach in which Black communities and their allies promote a collective resilience.

Based on interviews with Poles, Jews, and Ukrainians who lived in the small eastern Polish town of Brzezany before, during, and after World War II, together with extensive research into the historical record and his own childhood memories, historian Shimon Redlich reconstructs the changing relationships among Brzezany's three ethnic groups. The book details the history of Brzezany from the pre-war decades when members of the three communities remember living relatively amicably "together and apart" when Brzezany was part of independent Poland, through the tensions of Soviet rule from 1939 to 1941 and the trauma of the Nazi occupation from 1941 to 1944, to the recapture of the town by the Red Army in 1945. Each chronological chapter is introduced by Redlich's recollections, continues with an examination of the events as documented in local sources, and concludes with the observations of his interviewees. Historical and contemporary photographs of Brzezany and its inhabitants add immediacy to this fascinating excursion into history brought to life by those who lived through it, showing how events are remembered and interpreted often in very different ways.

Big Happiness is extremely important to our community. Mark Panek's biography of Percy Kipapa speaks to the consequences of the destruction of Hawai'i's rural neighborhoods, unchecked development, the ice epidemic, the failures of government, sumo, intricate family and neighbor relationships, and more. What is most impressive is Panek's ability to weave all of these complex topics together in a seamless narrative that connects all the dots. Part mystery, part investigative journalism, part poignant Island portrait, this work contains an emotional element that binds the reader to the subjects in a dignified yet touching way, showing compassion and even affection for people while revealing their flaws and shortcomings. This book will resonate with an Island audience and with anyone interested in Hawai'i. —Victoria Kneubuhl, Hawai'i writer and playwright "This book tells of personal triumphs and failures, and also the triumphs and failures of families, communities, organizations, agencies, governments, and churches dealing with the multiple consequences of 'progress' in contemporary Hawai'i. There have been heroes and villains at all levels—frequently, the same individuals and agencies are both at the same time. The story of Percy Kipapa is especially poignant because

professional sumo gave him a unique opportunity to transcend Hawai'i's culture of colonialism, racism, poverty, and drug addiction, which in the end all brought him down anyway. Mark Panek has done a masterful job of weaving these strands together."—Reverend Bob Nakata, former Hawai'i state senator "Spanning the history of Waikane and the brutality of Japan's national sport, *Big Happiness* is a remarkably ambitious piece that links one man's murder to the ice epidemic, land development, and political corruption in Hawai'i. Mark Panek's meticulously researched, skillfully written, heartbreaking story, filled with voices that ring true, is an indictment of an entire system that crushed a gentle giant. While other Hawai'i writers dwell in 'take me back to da kine' nostalgia, Panek tells it like it really is." —Chris McKinney, author of *The Tattoo and Mililani Mauka*
