is the limiting reagent. Both calculations are shown below ◻ the correct answer is circled. 14) What is the limiting reagent in problem #2? Acetic acid. 15 How much of the excess reagent will be left over after the reaction is ...

Balancing Equations and Simple Stoichiometry-KEY

So, you've finally, done it: You've entered the realm of stoichiometry. Or as some people pronounce it, "stoi-shee-oh-met-tree." Don't pronounce it that way, it'll make you sound silly. The actual pronunciation: "stoy-key-ah-meh-tree." Now that we've got that out of the way, let's learn about the magical world of stoichiometry! The magical world of stoichiometry In◻
