The immense, global transportation and logistics sector is vital to businesses of all types. This carefully-researched book covers exciting trends in supply chain and logistics management, transportation, just in time delivery, warehousing, distribution, intermodal shipment systems, logistics services, purchasing and advanced technologies such as RFID. This reference tool includes thorough market analysis as well as our highly respected trends analysis. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources.This book also includes statistical tables, an industry glossary and thorough indexes. The corporate profiles section of the book includes our proprietary, in-depth profiles of nearly 500 leading companies in all facets of the transportation and logistics industry. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in the business. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.

Provides information on the truck and specialty vehicles business, including: automotive industry trends and market research; mergers, acquisitions, globalization; automobile manufacturers; truck makers; makers of specialty vehicles such as RVs; automobile loans, insurance and other financial services; dealerships; and, components manufacturers.

Capt. Brian(Bryn) Collier 58year old retired SAS, is abducted by a beam of light, and placed in a bear pit situation on some faraway planet. Only to survive with the help of a very young alien girl, while defending himself he is beamed back to Earth, a mile from where he lived. It seemed like two days. But it was six months. Suffering severe injuries he is not alone Charlyyk the alien girl is with him, there is no way he can return her.

A convenient size to fit any glove compartment, this service history book is provided as a supplementary maintenance log to your existing Audi service booklet. This book will allow you to continue a service log history when the page entries in your original book are full and may also serve as a new service history book if you have purchased a secondhand vehicle that has no service history book. This book includes: Tips on more efficient driving while helping the environment Your Vehicle Details form Advice on regular inspections 30 pages of service entries 15 pages for major service entries Blank pages at end of book where you can attach any larger reports of major work The essential service and maintenance history book for your glove compartment.
