between Left and Right is less important. The whole apparatus of communism was already falling apart. Marx was the progenitor of communism. There are few true believers in communism left in the party.

## COMMUNISM | meaning in the Cambridge English Dictionary

Communism is an economic system where the group owns the factors of production. In countries, the government represents the group. The means of production are labor, entrepreneurship, capital goods, and natural resources. 1 ? Although the government doesn't legally own the labor force, the central planners tell the people where they should work.

## Communism | Definition of Communism by Merriam-Webster

Communism, on the other hand, is a branch of socialism. It's similar in that it's still founded on the idea of collective cooperation, but differs in that communists believe that cooperation should be run by a totalitarian government made up of one and only one government. Russia gave communism a bad name when it reigned as the USSR.
