Construction Scheduling

Practical applications and tutorials of the 4 most common scheduling software programs – Microsoft Project, Primavera Project Planner (P3), SureTrak, P6 Project Manager and Contractor.

~~Construction Scheduling: Principles and Practices: Newitt ...~~

The Five Construction Principles have been established so that the five elements: environmental protection, safety, speed, economy, and aesthetics, conform with a balanced regular pentagon. Although the construction costs might be cheaper, it does not mean that it is acceptable to destroy the environment, and although it might be safer, the construction period must not be too long.
