Book Two of the Girls of Spindrift. From the New York Times bestselling author of the Flowers in the Attic and My Sweet Audrina series, now Lifetime movies, continues a haunting new series featuring highly intelligent teenage girls who struggle to survive a specialized high school and find their place in a world that doesn't understand them. Such is the burden of being brilliant. Being gifted is not something Donna ever wanted. It's difficult enough to have a Latino father and Irish mother, and her genius only separates her even more from the other girls. They don't say it, but they blame her for everything that goes wrong, just because she's different. And on the precise day she tries her hardest to fit in, everything turns out a disaster. A fight breaks out, and somehow Donna ends up in the middle. It's not her fault, but it's her word against theirs, and this time, the other girls aren't going to stay quiet. The only solution might be to escape to the mysterious school her counselor is telling her about: Spindrift. The four Girls of

Donna, Texas, named for the daughter of one of the town's founders, is located in the heart of the Rio Grande Valley. Established in 1904, Donna has grown from a village of tent-dwelling pioneers to a community of families who share a productive agricultural and economic tradition. Captured here in over 150 vintage images, from the 1890s to the 1950s, is the rich history of the ranchers who lived along the Rio Grande, the entrepreneurs and families who settled in Donna and contributed to its development, and the social impact of the military in the years just before World War I. Advertisements from developers, railroads, and businessmen's organizations brought many Texans and Midwesterners to Donna. Deployment of U.S. soldiers, Texas state militia, and National Guardsmen to the border during the 1914-1917 bandit raids brought a new prosperity to Donna with the influx of these troops. From the coming of the railroad and construction of the irrigation system, to the laying out of farms and groves, and finally to the building of the town itself, Donna residents have always seen the potential of their chosen land.

A thousand and one ideas for making beautiful polymer clay millefiori. In Venetian glassmaking, slender rods of molten glass are shaped, then cut to reveal amazingly detailed patterns: flowers, geometric shapes, dancing colors. These slices are called millefiori, “ thousand flowers, ” because they form a carpet of flowers when placed side by side. Now celebrity author Donna Kato shows crafters exactly how to re-create these intricate, fascinating designs in polymer clay. The Art of Polymer Clay Millefiori Techniques reveals the entire process: how to work with the polymer clay, the basics of planning and creating a cane, and using color effectively. Dozens of canes, from simple to simply stunning, are included, and everything is clearly explained and illustrated with full-color photos, the Donna Kato way. Throughout the book, examples of stunning work by such millefiori artists as Kathy Amt, Pier Voulkos, and Kathleen Dustin provide inspiration. There must be a thousand ways to make beautiful millefiori . . . explore them all in The Art of Polymer Clay Millefiori Techniques.

An album-by-album celebration of the life and music of Mac Miller through oral histories, intimate reflections, and critical examinations of his enduring work. “ One of my most vivid memories of him is the way he would look at you while he was playing you a song. He tried to look you right in the eyes to see how you were feeling about it. ” —Will Kalson, friend and first manager Following Mac Miller ’ s tragic passing in 2018, Donna-Claire Chesman dedicated a year to chronicling his work through the unique lens of her

relationship to the music and Mac ' s singular relationship to his fans. Like many who ' d been following him since he ' d started releasing mixtapes at eighteen years old, she felt as if she ' d come of age alongside the rapidly evolving artist, with his music being crucial to her personal development. " I want people to remember his humanity as they ' re listening to the music, to realize how much bravery and courage it takes to be that honest, be that self-aware, and be that real about things going on internally. He let us witness that entire journey. He never hid that. " —Kehlani, friend and musician. The project evolved to include intimate interviews with many of Mac ' s closest friends and collaborators, from his Most Dope Family in Pittsburgh to the producers and musicians who assisted him in making his everlasting music, including Big Jerm, Rex Arrow, Wiz Khalifa, Benjy Grinberg, Just Blaze, Josh Berg, Syd, Thundercat, and more. These voices, along with the author ' s commentary, provide a vivid and poignant portrait of this astonishing artist—one who had just released a series of increasingly complex albums, demonstrating what a musical force he was and how heartbreaking it was to lose him. " As I ' m reading the lyrics, it ' s crazy. It ' s him telling us that he hopes we can always respect him. I feel like this is a message from him, spiritually. A lot of the time, his music was like little letters and messages to his friends, family, and people he loved, to remind them of who he really was. " —Quentin Cuff, best friend and tour manager
