"Abandoned by their parents as toddlers, Willie and Bobbie Nelson found their love of music almost immediately through their grandparents, who raised them in a dusty small town in east Texas. Their close relationship ... is the longest-lasting bond in either of their lives. In alternating chapters, this ... dual memoir weaves together their lives as they experienced them both side-by-side and apart with powerful, emotional stories from growing up, playing music in public for the first time, and the trials they each faced in adulthood as Willie pursued a songwriting career and Bobbie faced a series of challenging relationships and a musical career that only took off when attitudes about women began to change in Texas"--

In a different life, with different choices, I could have achieved fame and fortune, had a gold disc hanging from a wall or an Oscar on my mantelpiece. But I have never been one for regrets. You make your choices, you have your share of luck and you only remember the good times. And boy, were there some good times. I have been very fortunate in my life to play at some of the greatest stages in England and to meet some truly amazing stars. I have equally had just as much enjoyment playing intimate gigs and local venues. I sometimes hear these famous songs on the radio or see these great names being interviewed and wondered whether that could have been me. But had that happened, where would I be and who would I have become? I doubt very much I would be writing this book today. I have learnt from the bad times and loved having the good times. I wouldn't have changed a thing.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

There is a magic to music—a feeling created that removes one from the humdrum constraints of everyday life to a wonderful make-believe world where, as famous lyricist E. Y. (Yip) Harburg put it in 'Over the Rainbow', troubles melt like lemon drops and dreams really do come true. In this book, you'll meet the men of the early twentieth century who wrote the most wonderful creative music the world has ever known. Their music was matched by the brilliance of the lyricists, who were indeed the poets of the modern age. These men created a superb anthology of popular music, a canon that today is justifiably known as the Great American Songbook.
