emotion and adaptation - jnkscalloffthewild.org

Emotion and Adaptation is both far ranging in scope and manifests the depth of Lazarus'' scholarship. His reasoning is clear, the material well documented and appropriately illustrated. Equally impressive is the simplicity and even humor of his writing style. This is an edifying and important work.

Emotion And Adaptation

Emotion and adaptation. The work provides a complete theory of emotional processes, explaining how different emotions are elicited and expressed, and how the emotional range of individuals develops over their lifetime. The author's approach puts emotion in a central role as a complex, patterned, organic reaction to both daily events and long-term efforts on the part of the individual to survive and flourish. . . .

emotion and adaptation - bestnar.whatworksforchildren.org.uk

In his view, emotions cannot be divorced from other functions - whether biological, social, or cognitive - and express the intimate, personal meaning of what individuals experience. As coping and adapting processes, they are seen as part of the ongoing effort to monitor changes, stimuli, and stresses arising from the environment.
