Tractor Repair, AV, B, BN ...

A lot of parts from an A should fit a B or BN, except for axle, axle housings, front end, and a few other parts.

## BN and A engine swap - Farmall Cub

I have a 46- B and the difference is the rear axle, the BN is 8 inches narrower than the B. We used to use the B to cultivate and on 36" rows it was a little wide, wheel weights almost touched corn on outside rows, but an excellent little tractor to pull an old trip rope 4 row planter.
