deeply felt longings--for meaning, for love, for significance--end up leading us away from, instead of toward, our Creator and the person he made us to be. Finding Your Way Back to God shows you how to understand and listen to your longings in a whole new way. It's about waking up to who you really are, and daring to believe that God wants to be found even more than you want to find him. It's about making the biggest wager of your life as you ask God to make himself known to you. And it's about watching what happens next.

Bestselling author, speaker, and activist Christine Caine helps readers who are feeling weary and like things somehow aren't quite right to identify how they ended up where they are and what they need to do to course-correct and anchor themselves in the only One who does not change or shift with the currents. We've all at some point looked up from the daily grind and realized we had somehow drifted off course. Maybe we've been doing all the right Christian things and saying all the right Christian words, but inside we know something is just a bit off. Like we've run out of energy, vision, passion, and feel unable to move forward. The question we're pondering is not only How did I get here? but also What do I do now? In this new book, Caine meets us all in that place of weariness and uncertainty, sharing her own journey of discovery with vulnerability, candor, and self-deprecating humor. She lays out what she has learned about staying the course when you're feeling untethered and guides us each to learn the questions to ask about our relationships with God, with others, and with our own hearts to stay continually anchored despite the world's shifting currents; discover how to trust God more deeply by moving from a "what if?" kind of faith to an "even if" kind of faith; identify nine signs we are drifting off course and learn how

to reposition ourselves to get back on track; and wrestle honestly with life's hard questions so we can respond faithfully to all the ways God answers, including the times when it feels like he doesn't. Christine offers up deeply personal stories, scriptural insights, and an eye-opening admonition to start paying closer attention, helping us to stop drifting and start thriving as we place our anchor on our unchanging, trustworthy God.

We all tell ourselves stories about who we are. Many of these stories are self-critical and disempowering. Through the practice of self-compassion, we can rewrite these stories and become more authentic and powerful versions of ourselves—transforming not only our own lives but also the lives of those around us. In short and personal pieces, Marianne Ingheim tells the story of how the practice of self-compassion has changed her life in ways big and small, helping her unlearn harsh self-criticism, survive multiple tragedies, and live more authentically. In the wake of a breast cancer diagnosis and her husband 's suicide, she discovers the power of self-compassionate storytelling and finds belonging within herself—and in doing so, she learns how to manage anxiety and stress, how to be authentic in relationships, and how to let go of comparison and be truly creative. Through stories and journaling prompts, *Out of Love: Finding Your Way Back to Self-Compassion* aims to inspire readers to unlearn the self-critical patterns holding them hostage—and begin to live a happier, more courageous life.

There is a space within you where you are already perfect, whole, and complete. It is pure consciousness - the space inside of which all thoughts come and go. When you rest in the feeling of this space, the warmth of it heals your mind and body. When you operate from the infinite creative potential of this space, you produce high levels of performance and creative flow. When you sit in the openness of this space with others, you experience a level of connection and intimacy that is breathtakingly enjoyable and filled with love. And when you explore this space more deeply, you will find yourself growing closer and closer to the divine, even if you're not sure there is such a thing and wouldn't know how to talk about it if there was. Every problem we have in life is the result of losing our bearings and getting caught up in the content of our own thinking; the solution to every one of those problems is to find our way back home. This is both the invitation and the promise of this book. One problem. One solution. Infinite possibilities. Are you ready to begin?

If you 're walking this difficult spiritual path, Lina AbuJamra understands you. After experiencing the near deconstruction of her own faith, Lina had to rebuild something more solid when the faith she once knew let her down. With her diagnostic style that comes from her training as an ER doc, Lina helps you grapple with questions like: Where is God in my pain? Is this how Christians are supposed to act? Why did my story end up this way? Is this the normal Christian life? Why is it so hard for Christians to love? Let Fractured Faith help you find your way back to God.
