Kevin Dallimore and over 25 other renowned and respected painters and modellers reveal the techniques they use to give their miniatures and models that great professional finish; techniques such as varnishing, dry brushing, non metallic metal, shading, highlighting, blending, textured leather and the use of diluted washes are all discussed in depth together with many modelling ideas too; ideas for doing conversions, creating dioramas, making and painting scenery, vehicles and many more.

Kevin Dallimore's Painting And Modelling Guide: Master ...

Paint Sets The Foundry Paint System was specifically designed by us for our three-colour method of painting. Our system uses three tones (shade, middle and light) that are added in successive layers, working up from dark to light. This creates a splendid three

dimensional effect of shadows and highlights.

Paint Sets – WargamesFoundry

The Foundry technique is a very straightforward style for creating great miniatures: basically it relies on 1 to 3 layers of color + sharp black lines for definition. The black lining actually gives the dramatic results.
