The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world ' s most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form ' s most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty.

But he ’ s about to throw it all away. Logan Tate ’ s name is dominating the headlines for all the wrong reasons. Instead of goals and assists, the talented young defenseman has been racking up fights and suspensions. I work with athletes who are struggling, but Logan ’ s different. He ’ s not just going to blow his season, but his entire career. And now he can ’ t return to the ice until he deals with his issues, but the stubborn man won ’ t let anyone get close enough to help. Which is why I packed up and followed him to his family ’ s property in the remote mountains of Colorado. He can ’ t avoid me here. The only problem? I can ’ t avoid him either. He ’ s chopping wood and building fires, rescuing my car from snowy ditches, and inviting me to Sunday dinners with his loud extended family. He ’ s a whole lot of man, but beneath all those hard edges is an unexpected tenderness. Tempted or not, I have to stay out of his bed and get him back to the ice . . . no matter how difficult that might be. This is a sizzling new romance in the Looking to Score series. Each book can be read as a standalone.
