The Human Learning Systems approach starts with the belief that public service exists to create the conditions which enable each person to create good outcomes in their lives. To do this, we believe that

# Get Free Human Learning

public service must embrace the complex reality of the 21st Century world.

## **Human Learning Systems**

Human learning is a process of acquiring knowledge. Our behavior, skills, values and ethics are acquired when we process information

# Get Free Human Learning

through our minds and learn. Human learning may occur as part of education, personal development or any other informal/formal training. Children learn while they play, experiment, and interact.
