Hunter's moon is mentioned in several sources as the Anglo-Saxon name for the Full Moon of October. This is the month when the game is fattened, and it is time to start preparing for the coming winter. Traditionally, this included hunting, slaughtering and preserving meats for use in the coming winter months.

The Time of the Hunter's Moon by Victoria Holt

However, both the Harvest Moon and the Hunter's Moon are unique in that they are not related to this folklore, nor necessarily tied to a single month. Instead, they relate to an astronomical event: the autumnal equinox! The Harvest Moon is said to be the full Moon which occurs nearest to the date of the autumnal equinox (September 22, 2020). This means that either September or October's full Moon may take on the name "Harvest Moon" instead of its traditional name.
