Troiano. Which do you prefer? I'm often asked, which do I prefer, the incubator or the setting hen? I like to use both, but for different reasons, and at different times of the breeding season. For

Feeding And

Bookmark File PDF Incubation

example, I'll
use the
incubator in the
early part of
the breeding
season . . .

*ARTIFICIAL
INCUBATION OR
NATURAL
INCUBATION*

First, there is
natural
incubation. If

Feeding And

Bookmark File PDF Incubation

you don't want to use natural incubation, you can use an artificial incubator. The artificial incubator tries to recreate the conditions that the hen creates. Because the hen's incubation is natural, is

Feeding And

Bookmark File PDF Incubation

it very hard to replicate those temperatures and conditions.

Description Of *Natural vs. Artificial Stages Of Incubation - A2*

Steam Chickens

Artificial incubators can only imitate nature. The hatch rate is

Feeding And

Bookmark File PDF Incubation

considerably lower for artificial with incubators than for natural incubation. Artificial incubators can often only hatch 60-80% of the eggs, while duck moms can usually hatch 90-100%. And I think it

Feeding And
