ORTHOGONAL / ORTHOGRAPHIC DRAWING

Isometric Drawing Exercise: Using a basic isometric cube with 25mm sides or less, build up a shape similar to the one seen below. Remember, using a 30 degree set square is vital for this exercise. The only other lines are vertical lines.

Isometric Projection 1 - ENGINEERING

Isometric Drawing. Pupils learn about plan, front and side elevations and how to draw objects on isometric paper. The worksheet has an investigation into making objects with 5 cubes, as well as some challenging questions on building objects based on their elevations, with as few cubes as possible. Please note that the questions in Section B and the 'impossible shapes to make' are not my own and have been taken from other sheets found online.

Isometric Drawing | Teaching Resources

isometric drawing is a 2 dimensional drawing just like a paper drawing. AutoCAD provides some tools to aid us in creating the drawing, but not very many. Mostly, we will be using the same commands that we used in creating orthographic drawings. We are going to draw the figure shown on the right. We will use the dimensions
