scientists and doctors collaborated almost  
a decade ago to fit amputees with robotic  
arms controlled by their brains, bionic  
limbs have come a long way. Now it's

The accordion is a three handed instrument, I always say. There are many things which set it apart from the piano, one of which is the bellows. It has a little more in common with harmoniums, most forms of which have a bellows system of some sort, but only the accordion family have the added facet of a bellows which
