billionaire financier and close confidant of presidents, prime ministers, movie stars and British royalty, the mysterious self-made man who rose from blue-collar Brooklyn to the heights of luxury. But while he was flying around the world on his private jet and hosting lavish parties at his private island in the Caribbean, he also was secretly masterminding an international child sex ring—one that may have involved the richest and most influential men in the world. After his arrest on sex trafficking charges in July, it seemed Epstein ' s darkest secrets would finally see the light. Tell No Tales delivers bombshell new revelations, uncovers how the man President Trump once described as a “ terrific guy ” abused hundreds of underage girls at his mansions in Palm Beach and Manhattan... all while entertaining the world ’ s most powerful men—including President Clinton, Prince Andrew, and Donald Trump himself. How much did they know about his perversions? And did they take part? How might they have helped him to continue his abuse, and to escape justice for it? What responsibility might they have for his sudden, shocking death? And is there a shocking spy and blackmail story at the heart of the scandal? The answers to these questions and more will be explored in Epstein: Dead Men Tell No Tales with groundbreaking new reporting, never-before-seen court files, and interviews with new witnesses and confidants. Combining the very best investigative reporting from
