Fortunately, changing manual
transmission fluid in the A4 is actually
easier than changing the oil, at least in
a manual transmission car, because

Read Online Jetta Manual Transmission Fluid Change

you don't have to change the filter as well. You simply drain the old lubricant and find a way to fill the transmission with new fluid. It's easier to do this job if you first raise the car to a level position (the fill hole, when the car is level, serves as the indicator that the transmission has the proper amount of
