This is a comprehensive, introductory text for Organizational Behaviour and related studies. It provides a strong critical understanding of both the theory and the managerial implications, dealing with the complexities and contradictions of organizational life. The approach is multi-disciplinary, with extensive use of mini-cases with an international perspective.

This cutting-edge introduction for all modern courses in Organizational Behaviour and Management has been thoroughly updated for the fifth edition. New material has been added, including a new chapter on complexity, change and development and increased material on learning and human resource management. Informed by the latest research, Martin & Fellenz walk carefully through the fundamental topics with a focus on key issues - globalization and culture, ethics and corporate social responsibility, competitive pressures and organizational change - to leave students with a practical and open-minded grasp of organizational behaviour in the twenty-first century.

Critical and accessible, the new edition of this bestselling textbook offers valuable insight into contemporary management practices and encourages readers to reflect on the realities of the workplace. Work and Organizational Behaviour takes a unique and well-rounded approach, exploring key theories and topics through the lenses of sociology, psychology, ethics and sustainability. Firmly embedded in the latest research and the wider geopolitical environment, this new edition places OB in the context of climate change, the rise of unstable working conditions and the impact of new technologies. A strong suite of pedagogy supports student learning, demonstrating key theories in action and preparing readers for the real world of work. Cases and features illustrate contemporary organizational practices and their impact across the world, in a range of industries. With streamlined content, an improved structure, and an enhanced focus on leadership, Work and Organizational Behaviour is an essential companion for OB modules at undergraduate, postgraduate and MBA levels. New to this Edition: - New chapters on 'Work and the gig economy' and 'Human resource management' - New decision making scenarios helping readers to develop practical leadership skills - 200+ new references to recent academic literature - Inclusion of important contemporary topics, including Covid-19 and the gig economy - Coverage of new technologies, including the impact of AI, robots, remote working and big data - Increased coverage of corporate social responsibility and ethics - New end of chapter cases, Reality of Work features and Globalization and Organization Behaviour features

Work and Organizational Behaviour is a core introductory text for undergraduate and MBA students which provides both a psychologically and sociologically based view of behaviour in work organisation from a critical perspective.

This is the Lecturer's Resource Manual to accompany Organizational Behaviour by John Martin. It contains a number of features, including: a chapter summary; OHP masters - both diagrams and text; outline answers for some of the discussion questions at the end of each chapter; and case studies, many of them taken from the Management in Action panels in the main text. This text is designed to provide lecturers with additional material as well as useful guidance on the discussion questions. It is part of a full package of additional teaching resources, including its own website that keeps all the information in the main text completely up-to-date. Visit the Organizational Behaviour website at [www.itbp.com](http://www.itbp.com) for: case study updates; discussion forum; further reading; new related cases; new end-of-chapter questions; teaching and learning notes; and links to other organizational behaviour sites on the World Wide Web.

A text on organizational behaviour, for second-year (and beyond) degree students on semesterized courses. A three-part structure links theory, case studies and a workbook section of questions and mini-cases.

The video nasties scare was one of the more memorable, and unbelievable, media sensations of the 1980s. The influx of cheap foreign sex and gore shockers outraged the tabloids and the chattering classes, and led ultimately to the Video Recordings Act, which made Britain's already strict censorship laws some of the strongest in Europe. John Martin runs down the whys and wherefores of the entire scandal, and categorises the nasties, from Absurd! to Zombie Creeping Flesh.

An Introduction to Organisational Behaviour for Managers and Engineers: A Group and Multicultural Approach gives a comprehensive overview of how organisations work, with a special focus on group and team working, and issues of diversity and intercultural management. This second edition has been updated throughout, drawing on the latest literature, along with: a new chapter on organisational change, a process which all managers and engineers will encounter on the job; case studies and illustrations showing theories in action; more cross-referencing between chapters, showing how topics are interlinked. This concise textbook not only provides a practical introduction to organisational behaviour for management students, but is also specifically geared towards the needs of engineering students and professionals.

This text contains updated material on responding to global and cultural diversity, with discussions of globalization, workforce diversity and ethics.
