Law, Business, and Society, 8/e, by Tony McAdams, takes an interdisciplinary approach, utilizing elements of law, political economy, international business, ethics, social responsibility and management. The author produces a compelling holistic picture of these concepts by giving extensive attention to readings, provocative quotes and factual details. Students learn not merely the law but the law in context.

Daft and Marcic's action-first approach turns the traditional learning model on its end. Instead of starting with concepts and moving to application, this text starts with application, an introductory problem or challenge that encourages you to first empty out your ideas so you are ready to understand new ideas and acquire new skills. Each chapter provides a menu of resources for engagement, application, and learning, everything you need to develop the spot-on management skills you'll need to be a successful manager. This new learning philosophy leads you through a seven-step learning process: 1. Manager Challenge, 2. Initial Response, 3. Discover Yourself, 4. Discover Knowledge, 5. Action Learning Exercises, 6. Test Your Mettle, and 7. Personal Skills Log. Shorter, highly-focused chapters take you through each of these seven steps, allowing you to capture the essence and critical

points for each topic. The mass of research material has been condensed and focused into discrete learning packages (chapters) designed specifically for engagement. BUILDING MANAGEMENT SKILLS offers a unique new set of Challenge Videos that are specifically designed to help develop your decision-making and thinking skills. After you watch the video challenge you are asked to respond to the challenge by solving the problem, helping you see the relevance of the chapter material and answering the question Why do I need to know this material?. These innovative, decision-making Challenge Videos are also available in CengageNOW. Organized around a new learning philosophy, with new technology and a coherent learning package for you to acquire management skills through an active first do, then learn approach, Daft and Marcic have created a truly unique learning experience with BUILDING MANAGEMENT SKILLS. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Middle East in Modern World History examines how global trends over the last 200 years have shaped the Middle East and how these trends were affected by the region's development. Covering a key period in the history of the Middle East, this book highlights three major trends within the region's development over the past two centuries: the role of the region as a strategic conduit between East and West, the development of the region's natural resources, especially oil, and the impact of a rapidly globalizing world economy on the Middle East. This new edition extends

coverage to the present day and includes more thematic and interpretive discussion on the impact of global migration and the evolution of the roles of women. It also provides more theoretical insights into current historical research and recent developments in the region, firmly placing these developments within their historical context. Clearly written and supported throughout by maps, images, discussion questions, and suggestions for further reading, as well as including a comprehensive chronology and glossary that enable readers to develop a clearer picture of political, economic, social, and cultural life within the region, *The Middle East in Modern World History* is the perfect textbook for all students of the history of the modern Middle East within a global context.

By many measures--commonsensical or statistical--the United States has not been more divided politically or economically in the last hundred years than it is now. How have we gone from the striking bipartisan cooperation and relative economic equality of the war years and post-war period to the extreme inequality and savage partisan divisions of today? In this sweeping look at American politics from the Depression to the present, Doug McAdam and Karina Kloos argue that party politics alone is not responsible for the mess we find ourselves in. Instead, it was the ongoing interaction of social movements and parties that, over time, pushed Democrats and Republicans toward their ideological margins, undermining the post-war consensus in the process. The Civil Rights struggle and the white backlash it provoked reintroduced the centrifugal force of social movements into American

Read PDF Law Business Society Tony Mcadams

politics, ushering in an especially active and sustained period of movement/party dynamism, culminating in today's tug of war between the Tea Party and Republican establishment for control of the GOP. In *Deeply Divided*, McAdam and Kloos depart from established explanations of the conservative turn in the United States and trace the roots of political polarization and economic inequality back to the shifting racial geography of American politics in the 1960s. Angered by Lyndon Johnson's more aggressive embrace of civil rights reform in 1964, Southern Dixiecrats abandoned the Democrats for the first time in history, setting in motion a sustained regional realignment that would, in time, serve as the electoral foundation for a resurgent and increasingly more conservative Republican Party.

NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Wall Street Journal* • *Financial Times* In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating

Read PDF Law Business Society Tony Mcadams

argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. The Power of Habit is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good.”—Financial Times “A flat-out great read.”—David Allen, bestselling author of Getting Things Done: The Art of Stress-Free Productivity “You’ll never look at yourself, your organization, or your world quite the same way.”—Daniel H. Pink, bestselling author of Drive and A Whole New Mind “Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions.

Read PDF Law Business Society Tony Mcadams

Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

For writers who want a clear, concise, user-friendly pocket guide beside them while they write, this book has it all. Its easy-to-navigate coverage offers a wide variety of traditional topics as well as the most current information on conducting online research, and using MLA, APA, Chicago Manual, and CSE citation formats. Writers will find valuable assistance with the writing process; argument reading and writing; all major areas of grammar and mechanics; conducting research in libraries and online using the World Wide Web as a resource; and documenting and evaluating both print and electronic sources. Writers don't need to be familiar with grammatical terms because lists of frequently answered questions lead them to needed explanations offered in a friendly, informal tone and a highly readable style. For writers and others needing a compact, comprehensive writer's reference.
