Preceded by: Lippincott's textbook for nursing assistants, 3rd ed. c2012.

This textbook for nursing assistants will prepare students not only to function in the traditional nursing assistant role in nursing homes, hospitals, and home health, but also will prepare students to advance their careers. A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and ultimately an RN role. The text offers a compelling art program, a

Access Free Lippincotts Workbook For Nursing Istants A Humanistic Approach To

direct, conversational writing style, and an emphasis on professionalism and humanism. A back-of-book CD-ROM includes an audio glossary.

Now in its Second Edition, this textbook prepares students to work as nursing assistants in long-term care, acute care, and home health care settings, and provides a firm foundation for advancement to an LPN and ultimately an RN role. The book is written in a direct, conversational writing style with an emphasis on professionalism and humanism. This edition is significantly updated and has new photographs and illustrations. A front-of-book CD-ROM includes an audio

glossary. An audiobook version of the entire text in MP3 format is available as a separate purchase. A student-edition DVD, containing selected procedures from Lippincott's Video Series for Nursing Assistants, is also available as a separate purchase.

Lippincott's Textbook for Long-Term Care Nursing Assistants is an adaptation of Carter's Lippincott's Textbook for Nursing Assistants, Second Edition that focuses exclusively on preparing nursing assistants to work in long-term care settings such as nursing homes and assisted-living facilities. This adaptation has a strong gerontology component and strives to help the student to understand the long-term care environment, which is heavily regulated by the government.

Instructions that incorporate the latest guidelines and NNAAP skill revisions. UPDATED! "Nurse Pam" tips promote compassionate, holistic care and help students empathize with their patients. Guidelines ("What You Do/Why You Do it") boxes summarize both the whys and the hows of carrying out key nursing assistant actions. "Tell the Nurse!" Notes summarize observations that the nursing assistant needs to report to the nurse. "Stop and Think!" Scenarios encourage students to solve real world problems in the types of complex situations they will encounter in the workplace. Online videos featuring eight hours of engaging footage offer complete, step-by-step demonstrations of the core skills performed daily by nursing assistants. An accompanying "Workbook "follows the same straightforward

Organization as the 4th Edition Textbook. Activities include multiple-choice, fill-in-the-blanks, think about it, and matching questions, as well as crossword puzzles, word jumbles, labeling, sequencing, and identification.

With more than 8 hours of engaging footage, the updated "Lippincott Video Series for Nursing Assistants" shows complete step-by-step demonstrations of the core skills performed daily by nursing assistants. The Second Edition includes brand new footage to reflect best practices and equipment currently found in the health care setting. In addition to teaching technical skills, this dynamic video series promotes qualities such as compassion and empathy, and demonstrates non-technical skills such as respecting the

individual, caring for people with dementia, death and dying, and entry into the workforce. Ideal as a stand-alone learning tool or as a companion to the Carter suite of textbooks, these videos parallel the skills in the textbooks and are organized into fifteen modules for easy reference. The new edition also provides the ability to view closed captioning in English or Spanish.

The thoroughly updated edition reflects the current NCLEX test plan and contains more than 5,000 test questions to help students practice taking the exam. The book contains more questions than any other NCLEX-RN review and includes more pharmacology-related questions.
