The IMPACT Mathematics, Teacher Guide includes 10 units per grade level where students investigate, apply, and reflect within a real-world context. Contains blackline masters of the student workbook that are followed by field-tested performance-based assessments developed by MARS (Mathematics Assessment Resource Service) under an NSF grant. Includes rubrics and anchor papers.

Includes: Print Student Edition

Math Connects: Concepts, Skills, and Problem Solving was written by the authorship team with the end results in mind. They looked at the content needed to be successful in Geometry and Algebra and backmapped the development of mathematical content, concepts, and procedures to PreK to ensure a solid foundation and seamless transition from grade level to grade level. The series is organized around the new NCTM Focal Points and is designed to meet most state standards. Math Connects focuses on three key areas of vocabulary to build mathematical literacy, intervention options aligned to RTI, and a comprehensive assessment system of diagnostic, formative, and summative assessments.

Homework and Problem-Solving Workbook

Softbound Interactive Student Text is divided into a two-volume set that is perforated and 3-hole punched for easy organization for middle school students. This is volume 1.

Softbound Interactive Student Text is divided into a two-volume set that is perforated and 3-hole punched for easy organization for middle school students. This is volume two.
