This textbook provides a comprehensive account of the most important new Civil Procedure Rules, Practice Directions and Pre-action Protocols, which make up our newly reformed civil procedure system. The substance of the rules are considered in detail and their effect explained to make it clear how they operate in practice. Case law is examined to demonstrate how the court applies the rules in practice. The Woolf Reforms are used to explain the rationale of the new system.; The book provides not only a clear guide to the meaning of the new rules but also a vital insight into the new culture, typified by case management, proportionality and the overriding objective, which has fundamentally reformed the principles on which our civil procedure system is based. A critique is given of the merits of the reforms and the likelihood that they will achieve their objectives.

This book interweaves the concepts of the guidance on globalization, international management, and the intricacies of international business that many books on the market treat independently. It clarifies and explains culture, cultural misunderstandings, and cross-cultural interactions. Adekola and Sergi's text is unique in that it offers both the management perspective and the cultural perspective. It is for managers seeking to thrive in the global economy. This book focuses on managing global organizations, providing a basis for understanding the influence of culture on international management, and the key roles that international managers play. It clearly shows how to develop the cross-cultural expertise essential to succeed in a world of rapid and profound economic, political and cultural changes.

This collection presents new investigations into the role of heritage languages and the correlation between culture and language from a pedagogic and cosmopolitical point of view.

Combining straightforward explanation with scholarly analysis, Law of Evidence introduces students to the full range of topics covered in law of evidence courses, with clarity and depth. Highlighting the context within which the law operates, the textbook maintains an engaging narrative with a strong practical focus. Integrated extracts from key judgments and statutes, as well as academic articles and books, lead students to develop a deeper understanding of the subject, and detailed commentary on these extracts helps students develop the ability to read and analyse case law effectively. Student learning is further supported by numerous visual aids, including diagrams, flowcharts and tables, which illustrate the relationships between principles and provisions and clarify the complex aspects of the law. A companion website with regular updates to the text ensures that students always have the most up-to-date coverage of the law at their fingertips.

"Given the common acknowledgement that strategy implementation is the greatest challenge to managers in the 21st century and the greatest reason for strategy failure we decided to focus on strategy implementation. Rather than promoting the unrealistic idea of strategy as a purely rational and deliberate outcome, this book acknowledges and explores the idea that strategy is often emergent, messy and experimental and features a number of new chapters, focusing on strategy implementation and change management, resource allocation and responsible leadership. It also includes a more detailed coverage of managing strategic risk."--Publisher's description.

Conveyancing is designed for law students and new lawyers studying applied land law on the Irish Professional Practice Course. As the fourth edition is published at a time when major reform and modernisation of land law and conveyancing is proposed, the text has been fully revised and updated to include reference to proposed reforms, recently published bills and new legislation enacted. This includes new coverage on the Land Act 2005, the Title Act 2006 and the fundamental changes proposed by the Land and Conveyancing Law Reform Bill 2006. In two volumes, the fourth edition also features updated sample documentation and precedents to enable students to consider the procedural aspects of conveyancing. It includes complete coverage of all the essential knowledge needed when practicing conveyancing, including the legal concept of property, and the protection, acquisition and movement of proprietary interests. The principles of conveyancing practice are clearly explained, ensuring that this is an essential text for apprentices and practitioners in this field.

Corporate citizenship is a prominent international issue as contemporary corporations are no longer expected to perform financially, but are also expected to have an ethical relationship of responsibility between the corporate itself and the society in which it operates and performs its business activities. Provides an up-to-date theoretical content pertaining to corporate citizenship, providing local and global examples and case studies.

Community Psychology, 5/e focuses on the prevention of problems, the promotion of well-being, empowerment of members within a community, the appreciation of diversity, and an ecological model for the understanding of human behavior. Attention is paid to both "classic" early writings and the most recent journal articles and reviews by today's practitioners and researchers. Historical and alternative methods of effecting social change are explored in this book, with the overall theme that the environment is as important as the individual in it. This text is available in a variety of formats – digital and print. Learning Goals Upon completing this book, readers will be able to: Understand the historical and contemporary principles of community psychology. Apply theory and research to social services, mental health, health, legal, and public health systems
