Witchcraft: A Beginner's Guide

Witchcraft 101

The greatest Witches of folklore practiced their craft by conjuring spirits and employing a familiar spirit. Now, centuries later, these arts—supposedly the domain of ceremonial magicians only—can be perfected by modern Witches. In this groundbreaking book, Witch and ritual magician Frater Barrabbas shares a system of Witchcraft-based magic developed for safely performing invocations and evocations, handling fallen spirits and Goetic demons, traveling in the spirit world, creating a spirit pact, and constructing your own rituals for spirit conjuring. To help you get to know the full breadth of the spirit world, Spirit Conjuring for Witches includes a unique list of spirits as well as techniques for working with sigils and recommendations for classical grimoires. Exploring history, folktales, and personal experiences, this book shows how to magically develop relationships with spirits and ultimately master both the spirit and material worlds. Praise: "A clear and distinct body of tools and rituals for working with a broad range of spirits. If you are a witch looking for a more formal approach to this field, this may be the book for you."—Ivo Dominguez Jr., author of Spirit Speaks and Practical Astrology for Witches and Pagans "Frater Barrabbas has made a valuable contribution to the practice of modern witchcraft...This is a very thorough and carefully developed invitation to revive the practice of magical evocation that historically played so central a role in witchcraft and magic."—Jim Baker, author of The Cunning Man's Handbook "Frater Barrabbas shows how modern Witches can also reclaim their ability to conjure spirits in the age-old tradition of evoking beings of the Otherworld to attain knowledge or obtain practical results in this world. With the current revival in the publication, study and use of the classical grimoires, witches who are drawn to the practice of the magicalk evocation of spirits now have a detailed guide to the inner preparations and outer practices necessary to evoke spirits safely and correctly."—Jonathan Nightshade, Gardnerian HP, Traditional Crafter and Sorcerer "I wish that there had a book like Spirit Conjuring for Witches back when; it would have saved me any number of missteps along the way. With more than forty years of experience under his cincture, Frater Barabbas speaks with a voice of wisdom, clarity and authority: truly one of the Thirteen Human Treasures of Paganistan."—Steven Posch, Traditional Witch and Host of Radio Paganistan "As Witches we all work with Deity and various spirits; but can you honestly say you communicate with them? This book is a valuable resource for every serious Witch's library. The author has outlined how to truly connect with that spirit realm, which allows us to build a relationship with those we work with."—Lady Adariana, Gardnerian HPS

Now you can learn how to evoke and communicate with 50 spirit entities and make use of their abilities, when you get Summoning Spirits by Konstantinos. Evoking spirits is one of the most powerful magical techniques you can use-but, until now, most of the material available on evocation has been virtually unusable because it was written by those with little practical evocation experience. Summoning Spirits was written by a practicing magician who has successfully performed many evocations. With his guidance and clear directions, performing evocations will be easy and safe for anyone. -Learn to safely evoke powerful spirits to aid you with any task -Create sigils charged with the energy of spirits to magnify the effects of your evocations -Make an etheric egregore, a manufactured spirit that will perform the task of your choice -Perform easy exercises to train your magical abilities and to develop clairvoyance and clairaudience -Construct, prepare, and use special magical tools to aid your evocations - Summoning Spirits is a complete manual for evoking entities to effect positive changes in your life. Learn how the spirits that dwell on the other planes can be evoked to the astral and physical planes to help you obtain mystical abilities, locate hidden "treasure," and even command a spirit "army" to protect your home while you're away. Summoning Spirits describes the specific attributes and abilities of 50 entities that you can evoke to uncover valuable knowledge, and who will help you succeed in nearly any task, magical or mundane. Whether you need help to face life's challenges or to work a minor miracle, you will find the art of magical evocation a tremendously potent tool for change. Included are information and theory, as well as full instructions for all the rituals you will need to prepare for and then evoke spirits. No other book makes this ancient magical technique as easy to understand and use, as does this one. That's why you must get Summoning Spirits.

The Truth About Evocation of Spirits by Donald Michael Kraig reveals the real secrets of communicating with non-physical entities. You will find that many of the things you've seen in novels or movies aren't needed: no fancy apparatus, no hypnotic trances. With this small book, evoking spirits becomes something you can do. You'll discover what evocation really is. You'll learn a bit about its history and why the ancient grimoires describing it are full of traps and things to waste your time. Here you will learn, step-by-step, everything you need to contact spirits described in ancient texts such as The Lesser Key of Solomon the King. First, you'll need to prepare. This simply involves determining which spirit you wish to call, making a copy of its "sigil" (signature), and also constructing a place for it to appear: the Triangle of the Art. Then gather some common items such as candles, paper, and pen and, with the help of this book, you can do this magic!k! When you have everything, you are ready to begin. Start with a banishing. Here you will find a complete version of the famous Lesser Banishing Ritual of the Pentagram. Next, the seer inhales incense. This alters that person's consciousness so he or she is ready to see the entity. Then call on the entity according to the instructions given here. Then you ask for information which is in the nature of the spirit to give. Or you can ask the help you've evoked to do something that it is capable of doing. Of course, it is only fair to give something to the creature in return. That something is magical or spiritual energy. This book explains how you can create that energy and send it to the entity. Finally, you'll learn how to release the spirit you have evoked back to its home. Never before has so much information been packed into such a small space. If you want to learn this ancient science, get your copy today!

There comes a time in every Witch's life when they feel there is nothing left to learn. When all the classes and all the books just cannot satisfy our want to learn more. What if there was a book for all magicalk practitioners that went beyond Witchcraft/magick 101, and 102. What if there was a resource that allowed a Witch to grow and learn without the constraints of tradition and at their own pace? "A Modern Witch's Curriculum" is that resource. Combining history, science, and hands-on activities in an easy to follow calendar format that can be started at any time of the year and on any day of the week. There is no beginning or ending to this book. It can be used over and over again. This curriculum is relevant to anyone of any magicalk tradition or spiritual background. Created to guide the reader to areas of study and spiritual knowledge by using any resources that are accessible to them. There are no boundaries or requirements on how the reader can collect the information; it's all individual choice.

A breakthrough in occult studies that combines modern sigil techniques with traditional Enochian Magick and appeals to all levels of ritual magick practitioners, explorers of consciousness, scholars, dowsters, and tantric yoga practitioners Author and magick practitioner Robert Podgurski shares his discovery and development of the Grid Sigil--a tool for exploring the mysteries of embodiment and unity that bridges Enochian Magick with Sparean sigilization. Properly constructed, it emanates the root energies of the four elements bound by spirit in the space-time continuum. This text offers readers a variety of techniques for using the Grid Sigil and is an essential guidebook for understanding the connection between Enochian Magick, geomagnetism, shamanism, and other facets of Eastern and Western esotericism. Close attention is paid to critical metaphysical thought through in-depth analysis based in science, metaphysics, philosophical speculation, and illustrations.

The Golden Dawn (GD) system of magic is the main source of the esoteric and magical wisdom and techniques practiced in the West today. While the rituals and bare teachings of the tradition have been published for sixty years, the inner workings and esoteric keys that empower those rituals have largely remained unpublished or unexplored in contemporary works. By Names and Images remedies this lack by providing detailed and clear instructions for the visualisations, spiritual connections and energetic practices required for every major GD practice and ritual, as well as several unpublished techniques. Focusing on the meanings and use of sacred names and practical techniques of visualisation, the book thoroughly explores meditation and divination, purification ritual, invocation and evocation, grades of initiation, and direct experience of the inner realms. Also covered is an explanation of the Qabalah and its use as a magical framework. While the book is sufficiently practical and clearly explained to be of huge benefit to a newcomer to magic, its primary aim is to allow people already practicing the Golden Dawn system to do so more effectively, and to be touched by the amazing spiritual blessings the rituals offer.

In Walking with Spirits, I share my process for connecting and working with spirits that enables you to get consistent results, while building collaborative relationships with the spirits you work with. Working with spirits doesn't have to involve the coercion of spirits that you find in conventional approaches to spirit work. What I share is an alternative approach that enables you to develop a friendly relationship with the spirits you work with and allows you to get results. Instead of trying to force a spirit to do something for you, you'll learn the following: How to create a rapport with spirits that allows you to become allies. Why a co-equal relationship with spirits is better than any other type of relationship you could form. What the problems are with conventional Western spirit work techniques such as what you find in the grimoires. How to use experiential embodiment to connect with spirits. How to use a simplified approach to invocation and evocation that allows you to work with spirits and get results. If you're ready to learn a different approach to working with spirits, where you don't create enemies, and instead have life long relationships where you and the spirits from working with each other, Walking with Spirits will show you a different path for working with spirits that gets you results.

Do you want magical workings that get consistent results? In Magic by Design, I teach you how to create your own magical workings, instead relying on magick spell books that aren't providing you the results you want. I'll show you how simplify or enhance an existing magical spell to get better results. I'll walk you through how to apply the principles of magical design to create your own unique workings that get consistent results. I'll share multiple case studies where I show you how the principles of magical design were applied to create original magical workings that got results and explain why they got results. And as a bonus you'll also learn how to create long term magical workings and how to design your own magical systems. This is a practical magic book that shows you how to create your own magical workings and get better results with your magical workings.
