(CNN)It's time for US authorities to move fast and break things. A long-expected showdown between government regulators and mighty Facebook could become a defining moment for Silicon Valley and ...

It's time for US authorities to move fast and break things ...

Move Fast and Break Things is a biased work in which a guy who spent his career in the music industry bemoans the death of that golden goose and blames tech for the plight of the modern artist. Its well-written. The pacing is perfect, but the underlying arguments, specifically those centered around the state of content creation, are flawed. ...

Move Fast and Break Things: How Facebook, Google, and ...

The problem is moving fast doesn't work across industries or for all teams. To effectively move fast, you need processes in place to support the velocity. The consequences of moving too fast and not being able to fix things when they break are high. How we got here. What has gotten us to the point where we are moving too fast? In short, we have.

The Fallacy of Move Fast and Break Things | LaunchDarkly Blog

In 2014, Facebook changed its motto for developers from "Move Fast and Break Things" to "Move Fast With Stable Infra." They feared that may have been moving too fast to see where they were going clearly. With good reason. As George Gilder points out in Life after Google, big social media are free because the user is the product, sold to advertisers.

Facebook's old motto was "Move fast and break things ..."

Zuckerberg: 'Move fast and break things' isn't how Facebook operates anymore. CEO Mark Zuckerberg distances Facebook from its early, hacker-gearred motto to a more mature one focused on stability.

Zuckerberg: 'Move fast and break things' isn't how ...

"Move fast and break things" was one of the original Facebook company values. My sense was that the spirit of "move fast" was to work quickly, prototype or develop something scrappy and launch as soon as possible. The spirit of "break things" wa...
