Multistix® 10SG urine dipsticks are stable until the manufacturer's expiration date . . . intervals specified in the attached Interpretation Chart. The glucose pad is nearest the hand- . . . * For increased specific gravity accuracy, 0.005 is added . to readings from urines with pH equal to or greater .

URINE DIPSTICK Multistix® 10SG Operator Competency
3. Specific gravity tells you how concentrated the urine is and simply reflects how much or little you are drinking. In chronic renal failure, the kidney cannot concentrate urine and it is always weak with a low specific gravity (dark green). 4. Blood - a trace of blood appears as green flecks, but excessive blood is a dark-green colour.
