Although narrative inquiry has a long intellectual history both in and out of education, it is increasingly used in studies of educational experience. One theory in educational research holds that humans are storytelling organisms who, individually and socially, lead storied lives.

[PDF] Stories of Experience and Narrative Inquiry ...

It is equally correct to say "inquiry into narrative" as it is "narrative inquiry." By this we mean that narrative is both phenomenon and method. Narrative names the structured quality of experience to be studied, and it names the patterns of inquiry for its study. To preserve this distinction we use the reasonably well-established device of calling the phe-nomenon "story" and the inquiry "narrative." Thus, we say

Stories of Experience and Narrative Inquiry

Narrative inquiry is a study of stories of lived experience (Polkinghorne, 2007).

Narrative Inquiry: Experience and Story in Qualitative ...

Narrative inquiry is a type of qualitative research focused on human stories. It examines human experience through life story interviews, oral histories, photo voice projects, biography, autoethnography, or other human experience narrative methods.

Amazon.co.uk:Customer reviews: Narrative Inquiry ...

Narrative inquiry or narrative analysis emerged as a discipline from within the broader field of qualitative research in the early 20th century. Narrative inquiry uses field texts, such as stories, autobiography, journals, field notes, letters, conversations, interviews, family stories, photos (and other artifacts), and life experience, as the units of analysis to research and understand the ...
