How Cool Brands Stay Hot reveals what drives Generation Y, the most marketing savvy and advertising-critical generation, and how you can develop the right brand strategies to reach this group which, at three times the size of Generation X, has a big impact on society and business. Packed with qualitative and quantitative research plus creative ideas on how to position, develop and promote brands to the new consumer generation, it explains the five crucial steps or dimensions on how to stay a cool youngster brand. The first edition of How Cool Brands Stay Hot won the prestigious 2012 Berry-AMA Book Prize for the best book in marketing and Expert Marketer's Marketing Book of the Year 2011. This fully updated second edition incorporates additional years of extensive research and includes new case studies and 18 interviews with global brand and marketing executives of successful brands such as Converse, Heineken, Diesel, Coca-Cola, MasterCard, eBay, and the BBC.

When monsters appear on Earth, Maggie MacKay is on the job. No one is better at hauling the creepy crawlies back where they belong. No one, that is, except Maggie's dad, who vanished in the middle of an assignment. Now, an elf named Killian has shown up with a gig. Seems Maggie's uncle teamed up with the forces of dark to turn Earth into a vampire convenience store, serving bottomless refills on humans. Ah, family... The only hope for survival lies in tracking down two magical artifacts and a secret that disappeared with Maggie's dad. WARNING: This book contains cussing, brawling, and unladylike behavior. Proceed with caution.

In this remarkable book, Carl Verheyen teaches his philosophy and techniques for improvising. Rather than hashing out scales, Carl teaches how to play lines with strong melodic content. By approaching melodies through intervals and chord qualities, infinite lines can be generated. Carl stresses the importance of collecting lines that can be used in improvised settings. These lines and examples will provide outstanding material for any guitarist yearning for melodic ideas and inspiration. Presented in standard notation and tab.

Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in Millionaire by Thirty, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

"It's hard to align with money if you think that it is evil and nasty. But once you come to an understanding that money is neutral, it's easy to see that having money does not necessarily deprive somebody else. There's no reason why you can't be very rich and still be an extremely spiritual and wonderfully generous person—aligned to the God Force—with a huge heart, and compassion for everyone you meet." — Stuart Wilde

"The best way to predict the future is to invent it." —Mark Cuban, How to Win at the Sport of Business Discover a winning idea, launch your business, and start making money today! Do you think it would be cool to run your own business? Do you want to help people with everyday problems? Do you want to make money? Then you could be an entrepreneur! You don't have to be a grownup to launch your start-up. We'll show you how to discover a great business idea and get it off the ground. You can try one of our ten kid-friendly businesses, including timeless ventures like starting a lemonade stand to more modern-day endeavors like launching an Etsy art store, or create your own. Because every billionaire was once a kid with great ideas—just like you!

After the incredible success of Animal, K'wan is back with the second, bloody installment in the new Animal saga. Secrets are revealed, sides are chosen and bodies are dropped...it's on! The man ordered to take Animal from the world turns out to be the man who brought him into it. Animal finds himself torn between his hatred for the father who had abandoned him and the man who had taken everything from him. An uneasy truce is formed between father and son to take down a common enemy and finally grant Animal his freedom from the blood debt he's carried for so many years. But when the ghosts of Animal's past catch up with him he learns that nothing is what it seems, and everything is subject to corruption, even his love for Gucci.

The War & Peace of golf. A quaint old classic from 1946, with an intro by the Duke of Windsor. It's good advice, and seriously, this game has hardly changed a whit in 50 years!

Classic work describing 6 proprietary systems developed by a pioneer in technical analysis. The prima ones still used are RSI, Directional Movement, and parabolics.
