Extraordinary medical benefits are available to those who follow the Bible's teachings. The authors deal with stress, sex, anger, circumcision, tobacco, and more.

You have a God-given right to happiness, wealth, and success. In this dynamic book by Reverend Terry Cole-Whittaker, you'll learn how to cast off the shackles of fear and false beliefs to discover your own inner path--the route to your inborn talents and limitless potential! Explore your deepest feelings with self-awareness strategies and consciousness-raising exercises. Learn how to cope with physical, mental, and spiritual problems, involving love, money, risk-taking, relationships, guilt, self-reliance, self-image, sexuality, and more. It's all here in one astonishing book: the motivation, tools, and tactics to resolve personal conflicts--and change your life forever!

" Healing from Heaven " is a chronicle of miracles from the healing ministry of Pastor Chris Oyakhilome. In this third volume, you ' ll read extraordinary testimonies of everyday people who put God ' s Word to work in their lives and experienced His supernatural intervention. In it, Pastor Chris also shares deep truths on faith and divine healing, which are sure to strengthen and build your faith in God. Through the life changing testimonies and thoughts shared in this book, you ' d be awakened to the possibilities of faith and the realities of the power of the Holy Ghost. Your faith will also be stirred to act on God ' s Word for your own miracle. As you go through the pages of this book, open your heart and let faith rise in you. As the Lord Jesus did for those in this book and many others around the world who believe in Him for a miracle, He would do for you because He is the same yesterday, today and forever!

Offering compassionate and carefully considered theological and pastoral responses to dementia and forgetfulness, John Swinton redefines dementia in light of the transformative counter story that is the gospel.

"Presents the case that the roots of psychological and biological diseases are spiritual, and provides advice on how to eradicate disease instead of treating symptoms"--Provided by publisher.

A Thoroughly Biblical and Compelling Case for Healing from the Best-Selling Author of A More Excellent Way Over thirty years ago, Dr. Henry Wright experienced major success in praying for people to be healed from disease. But suddenly the healing stopped. He began asking God why people weren ' t being healed. Through a pursuit of God ' s Word and truth, he began a lifelong journey of learning the spiritual roots of disease and blockages to healing. In this journey, he discovered that about 80 percent of all disease has a spiritual root issue and is a direct result of a breakdown in our relationship with God, ourselves, or others. Dr. Wright began teaching the biblical principles and truths he discovered and found great success in people ' s healing and recovery. He has helped tens of thousands to experience wholeness in their lives. Every human being is a spirit with a soul living in a body. Therefore, this is not just about our physical health, although it greatly impacts our bodily well-being. It is about our identity in God and the freedom He desires to give us, extending from our spirits to our souls and bodies. In this book, Dr. Wright presents a thoroughly biblical and compelling case for healing. If you think you ' ve read all you need to know about healing, it ' s time to take another look! The author clearly shows that disease is not a random occurrence and that science and medicine have their limitations in dealing with the spiritual roots of illnesses that inflict millions. We need healing for spirit, soul, and body. If you have recently been diagnosed with an illness or have been struggling with your health for years, there is hope and healing ahead. " I am so thankful about these physical healings. However, I ' m even more thankful for the inner peace and faith that I have been experiencing. [They are] beyond description. " —Sue from Maryland (healed of back pain, rheumatism, and high cholesterol) " His perfect will is that we don ' t get sick. But once we ' re sick, the provision has been made for healing. We just need to line up with the Word of God and be transparent, and everything takes care of the rest. " —Claudio (he and his wife healed of infertility; their newborn son healed of serious health issues)

Two common questions generally rise to the surface for those seeking healing: Is it God's will to heal? And is it God's will to heal me? From his personal story of suffering with coronary artery disease, to the loss of his sister to cancer, and his daughter's diagnosis of arthritis at a young age, Pastor Glen Berteau approaches these life-altering events with firsthand insight and revelation. He explains how, even in the most challenging circumstances, God can turn the worst into the best and use it all for our good. By countering seventeen hindrances to prayer for healing, Pastor Berteau breaks through possible misunderstanding regarding God's good intentions for his children. This book can initiate in your heart the faith that moves mountains--why settle for anything less?

Sickness is hard. The combination of physical discomfort, emotional stress, anxious thoughts, and long stretches of boredom can make it difficult to remember—much less rely on and rejoice in—our good and sovereign God. Reflecting on ten lessons he learned while recovering in the hospital, John Piper encourages those struggling with illness to fight for faith by focusing on the promises of God, the truth of the gospel, and the reality of eternity.

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In How Big Is Your God? Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.
