"Designed as an informational resource for patients, Your Pregnancy and Childbirth:

# Download Ebook Obstetrics And Gynecology 7th Edition

Month to Month Seventh Edition sets forth current information and clinical opinions on subjects related to women's health and reproduction. Your pregnancy and Childbirth: Month to Month is a resource for informational purposes. Topics include getting ready for pregnancy choosing an obstetric care provider what to expect during each month of pregnancy exercise during pregnancy work and travel during pregnancy pain relief during childbirth labor and delivery cesarean delivery postpartum care and taking care of the baby after birth, birth control after pregnancy"--

This best-selling textbook delivers all you need to master the Obstetrics and Gynecology Clerkship, offering step-by-step, how-to guidance on evaluating, diagnosing, and managing a full range of normal and abnormal pregnancies and gynecologic conditions. And now, it has been completely revised and reorganized to present a state-of-the-art approach to the field! The result is an outstanding resource to help you meet the clinical challenges encountered in obstetrics and gynecology. Book jacket.

This text, intended to be of use to medical students, provides a guide to the fields of obstetrics and gynaecology.

# Download Ebook Obstetrics And Gynecology 7th Edition

In the 25 years since the first edition of Comprehensive Gynecology, many scientific advances have occurred in medical practice. The first four editions were largely the work of the original four editors: Drs. William Droegemueller, Arthur L. Herbst, Daniel R. Mishell, Jr., and Morton A. Stenchever...With the staggering volume of medical literature published and the complexities of the gynecologic subspecialties, we have collaborated with additional experts for the sixth edition. We've "examined disease" and added a new chapter on the interaction of medical diseases and female physiology. We've "investigated discord" with new authors to completely rewrite the emotional and psychological issues in gynecology and the legal issues for obstetrician-gynecologists. Other chapters have delved into the controversies in breast cancer screening, vitamin D use, the ongoing debates in hormone therapy, and vaginal mesh use for pelvic organ prolapse surgery. (from Preface -- MD Consult, viewed April 9, 2012)
