Now revised \ the easy-to-understand guide to the story of America Want to better understand U.S. History? This friendly book serves as your tour guide through the important events of America's past and present, introducing you to the people who helped to shape history. From pre-Columbus to the American Revolution, from Watergate to Iraq to Barack Obama, you'll discover fascinating details that you won't find in dry history texts! They're coming to America \ explore early civilizations, meet Native Americans, and see how the development of the English colonies led to slavery and the American Revolution From Thomas Jefferson to Abraham Lincoln \ examine the contributions of great Americans as well as the discovery of gold, the birth of California, the Civil War, and Manifest Destiny America grows up \ be there during the conquering of the West, industrial development, and the invention of the light bulb and the telephone The impact of the World Wars \ understand the sweeping changes these epochal events brought to America and the rest of the world The Cold War, Camelot, and Clinton \ take a closer look at the Korean War and communism, the fabulous '50s, JFK, Vietnam, Nixon and Watergate, Reaganomics, and the Clinton years From the '90s to now \ witness the birth of the microchip, the impact of hanging chads in a presidential election, the largest terrorist attack on American soil, and the growing economic crisis Open the book and find: Ten important events that defined American culture Interesting Americans, from presidents to gangsters to sports heroes How America fought to win independence from England Details about all the major wars and their long-term effects Insight into the roots of slavery Inventions that changed life for Americans The impact of the atomic bomb The Bill of Rights and the Declaration of Independence

Covers the history to 1647.

George Orwell's celebrated novella, Animal Farm, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny.Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, \to fuse political purpose and artistic purpose into one whole.\ The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

Evaluate students' progress with the printed booklet of Chapter Tests and Lesson Quizzes. Preview online test questions or print for paper and pencil tests. Chapter tests include traditional and document-based question tests.

USCIS Civics flash cards: These Civics flash card will help immigrants learn about US history and government while preparing for naturalization test. These flash cards can also be used in the classroom as an instruction tool for citizenship preparation. Important note: on the naturalization test, some answers may change because of elections or appointments. Applicants must be aware of the most current answers to these questions. Applicants must answer these questions with the name of the official who is serving at the time of his or her eligibility interview with the USCIS. The USCIS officer will not accept and incorrect answer.

Presents the text of Alice Walker's story "Everyday Use"; contains background essays that provide insight into the story; and features a selection of critical response. Includes a chronology and an interview with the author.

The protagonist of this fictional autobiography wrestles with race in America from the perspective of someone who learns that he is considered black but also that he can pass as white if he wants to. His personal ambitiousness and racial ambivalence makes him a sort of American Hamlet: undone by indecision. Will he be \a credit to his race\ by advancing an African-American heritage he loves and appreciates in the face of a hostile culture, or will he retreat into the mediocrity of a safe, white, middle-class family life? Along the way, he shares his penetrating observations about race relations in the American north and south, about the \freemasonry\ of subterranean black American culture, about the emerging bohemian jazz subculture in New York City, and about traditions of African American religious music and oratory. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

While world history materials date back to prehistoric times, the field itself is relatively young. Indeed, when the first edition of Peter Stearns's best-selling World History in Documents was published in 1998, world history was poised for explosive growth, with the College Board approving the AP world history curriculum in 2000, and the exam shortly thereafter. At the university level, survey world history courses are increasingly required for history majors, and graduate programs in world history are multiplying in the U.S. and overseas. World events have changed as rapidly as the field of world history itself, making the long-awaited second edition of World History in Documents especially timely. In addition to including a new preface, focusing on current trends in the field, Stearns has updated forty percent of the textbook, paying particular attention to global processes throughout history. The book also covers key events that have altered world history since the publication of the first edition, including terrorism, global consumerism, and environmental issues.

The Gift of the Magi is a treasured short story written by O. Henry. A young and very much in love couple can barely afford their one-room apartment, let alone the extra expense of getting Christmas presents for one another. But each is determined to show their love for the other in this traditional time of giving; each sells a thing they hold most dear in order to afford a present, with poignant and touching results that capture their love for one another.
