Iceberg lettuce ' s domination is melting away before romaine, kale, other greens Updated Oct 27, 2020; Posted Oct 27, 2020 Iceberg lettuce and blue cheese dressing.

Most of the denizens of the Antarctic penguin colony sneer at Fred, the quiet but observant scout who detects worrying signs that their home, an iceberg, is melting. Fred must cleverly convince and enlist key players, such as Louis, the head penguin; Alice, the number two bird; the intractable NoNo the weather expert; and a passle of school-age penguins if he is to save the colony. Their delightfully told journey illuminates in an unforgettable way how to manage the necessary change that surrounds us all. Simple explanatory material following the fable enhances the lasting value of these lessons. Our Iceberg Is Melting is at once charming, accessible and profound; a treat for virtually any reader.

This charming story about a penguin colony in Antarctica illustrates key truths about how to deal with the issue of change: handle the challenge well and you can prosper greatly; handle it poorly and you put yourself at risk. The penguins are living happily on their iceberg as they have done for many years. Then one curious penguin discovers a potentially devastating problem threatening their home - and pretty much no one listens to him. The characters in this fable are like people we recognise, even ourselves. Their story is one of resistance to change and heroic action, confusion and insight, seemingly intractable obstacles and the most clever tactics for dealing with those obstacles. It is a story that is occurring in different forms around us today - but the penguins handle change a great deal better than most of us. Based on John Kotter's pioneering work on how to make smart change happen faster and better, the lessons you can learn from this short and easy-to-read book will serve you well in your job, in your family, and in your community. And these lessons are becoming ever more important as the world around us changes faster and faster.

In Our Iceberg is Melting a simple fable about penguins illustrates how to conquer change, with profound lessons for working and living in an ever-changing world. And these lessons are becoming ever more important as the world around us changes faster and faster. This edition celebrates ten years since the publication of this classic business fable with new and improved illustrations and a foreword by Spencer Johnson, author of Who Moved My Cheese?

"First published in the United States by John Kotter and Holger Rathgeber under the title Our Iceberg Is Melting: Changing and Succeeding Under Adverse Conditions."

The penguins are living happily on their iceberg as they have done for many years. Then one curious penguin discovers a potentially devastating problem threatening their home - and pretty much no one listens to him. This book uses a simple fable to outline profound lessons for working and living in an ever changing world.

What ' s the worst thing you can hear when you have a good idea at work? " That ' s not how we do it here! " In their iconic bestseller Our Iceberg Is Melting, John Kotter and Holger Rathgeber used a simple fable about penguins to explain the process of leading people through major changes. Now, ten years later, they ' re back with another must-read story that will help any team or organization cope with their biggest challenges and turn them into exciting opportunities. Once upon a time a clan of meerkats lived in the Kalahari, a region in southern Africa. After years of steady growth, a drought has sharply reduced the clan ' s resources, and deadly vulture attacks have increased. As things keep getting worse, the harmony of the clan is shattered. The executive team quarrels about possible solutions, and suggestions from frontline workers face a soul-crushing response: " That ' s not how we do it here! " So Nadia, a bright and adventurous meerkat, hits the road in search of new ideas to help her troubled clan. She discovers a much smaller group that operates very differently, with much more teamwork and agility. These meerkats have developed innovative solutions to find food and evade the vultures. But not everything in this small clan is as perfect as it seems at first. Can Nadia figure out how to combine the best of both worlds—a large, disciplined, well-managed clan and a small, informal, inspiring clan—before it ' s too late? This book distills Kotter ' s decades of experience and award-winning research to reveal why organizations rise and fall, and how they can rise again in the face of adversity.

In his international bestseller "Leading Change," Kotter provided an action plan for implementing successful transformations. Now, he shines the spotlight on the crucial first step in his framework: creating a sense of urgency by getting people to actually see and feel the need for change.

Transform your organization with speed and efficiency using this insightful new resource Incremental improvement is no longer sufficient in helping organizations navigate the complexity, uncertainty and volatility of today ' s world. In Change: How Organizations Achieve Hard-to-Imagine Results in Uncertain and Volatile Times, authors John P. Kotter, Vanessa Akhtar, and Gaurav Gupta explore how to create non-linear, dramatic change in your organization. You ' ll discover the emerging science of change that teaches us about how to build organizations – from businesses to governments – that change and adapt rapidly. In Change you ' ll discover: Why the ability of organizations to deal with threats and take advantage of opportunities in the face of ever greater complexity and uncertainty is being severely challenged In-depth, evidence-based, actionable solutions for dealing with institutional resistance to change Case studies and success stories that describe organizations who have successfully built the ability to change quickly into their DNA A universal approach for how to dramatically improve outcomes from various change efforts, including: strategy execution, digital transformation, restructuring, and more Perfect for managers, executives, and leaders at companies of all types and sizes, Change will also prove to be a valuable asset to other professionals who serve these organizations. This book is for anyone seeking a proven approach for delivering fast, sustainable and comprehensive results.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. *As you read this summary, you will discover how to make changes in a company in eight steps. *You will also discover : that you must not stand still; how to alert others of a problem in the company; how to find solutions; how to get others to buy into your ideas; how not to rest on your laurels. *« Alert on the ice floe » sounds like a fable, but is not a fiction. To get a message across, John Kotter and Holger Rathgeber tell the story of a colony of penguins, unknowingly following the eight stages of change. This book, full of humour, can be useful to all, and is to be shared without moderation. *Buy now the summary of this book for the modest price of a cup of coffee!

The international bestseller—now with a new preface by author John Kotter. Millions worldwide have read and embraced John Kotter ' s ideas on change management and leadership. From the ill-fated dot-com bubble to unprecedented M&A activity to scandal, greed, and ultimately, recession—we ' ve learned that widespread and difficult change is no longer the exception. It ' s the rule. Now with a new preface, this refreshed edition of the global bestseller Leading Change is more relevant than ever. John Kotter ' s now-legendary eight-step process for managing change with positive results has become the foundation for leaders and organizations across the globe. By outlining the process every organization must go through to achieve its goals, and by identifying where and how even top performers derail during the change process, Kotter provides a practical resource for leaders and managers charged with making change initiatives work. Leading Change is widely recognized as his seminal work and is an important precursor to his newer ideas on acceleration published in Harvard Business Review. Needed more today than at any time in the past, this bestselling business book serves as both visionary guide and practical toolkit on how to approach the difficult yet crucial work of leading change in any type of organization. Reading this highly personal book is like spending a day with the world ' s foremost expert on business leadership. You ' re sure to walk away inspired—and armed with the tools you need to inspire others. Published by Harvard Business Review Press.
