In *Out of Sorts* Dane continues his examination of the ways in which the grand narratives of book history mask what we might actually learn by looking at books themselves. He considers the differences between internal and external evidence for the nature of the type used by Gutenberg and the curious disconnection between the two, and he explores how descriptions of typesetting devices from the seventeenth and eighteenth centuries have been projected back

and Print Culture by Dane*

...

What's the origin of the
phrase 'Out of sorts'? Since
at least the 17th century
'sorts' has been used by
typographers for the name of
sets of letters. The first
known use of the word
'sorts' in this context
dates from 1668, and the
word is nicely defined in
