Performance reporting to the board is a key element in effective organisational governance, and also a useful indication of what really matters to the organisation. 2 This paper summarises the results from an NAO review of performance frameworks and board reporting in twelve government departments and twelve Arm 's Length Bodies.

[Performance Frameworks and Board Reporting II](#)

In short, boards can improve their performance and governance standards by determining the most suitable methods for reporting. Financial reporting can be improved by adhering to the two principles of less is more and top down. When these principles are applied well the resulting reporting will help a not-for-profit board understand the financial performance, issues of concern and how the organisation is performing against its financial strategy.
