The Underground Railroad was a network of secret routes and safe houses established in the United States during the early to mid-19th century, and used by enslaved African-Americans to escape into free states and Canada. The scheme was assisted by abolitionists and others sympathetic to the cause of the escapees. Not literally but metaphorically a railroad, the enslaved who risked escape and those who aided them are also collectively referred to as the "Underground Railroad". Various other route

underground railroad. 1. A Lot of Unusual Places. When the United States passed a law that made it easier for slave owners to claim their "property" back after escaping, the Underground Railroad had to shift gears from moving people to the North to moving them to Canada. Part of the 1850 law made it illegal to harbor escaped slaves as well.
